Darien: They actually do that stuff in there.

Moyria: Oh sure like you wouldn't know you only have been working there for the past two weeks.

Darien: Hey I'm shock that you actually take your cloths off for money.

Moyria: Well I don't know but I think that Reyhard got it wrong cause when I went to get the job they hired me but they gave me this uniform and told me that I would server drinks and be ask to sometimes fill in for a singer or dancer.

Darien: What's the outfit look like?

Luna: They sound so happy don't they

Artimis: like they don't have a care in the world

Luna: Artimis do you ever think that if we never got involved the girls could have lived normal lives

Artimis: Yeah but we had to for the sake of the world

Luna: but with the appearance of Andromita I only blame myself for Serena's safety

Artimis: You shouldn't worry Luna Andromita hasn't really tried to kill Serena since that Dentist Monster

Luna: We haven't seen her since then

Artimis: Oh yeah well you shouldn't worry I mean theres the other scouts that look out for her and of course theres always Darien

Luna: Yes But what kind of guardians are we if we just stand by and watch the fight

Artimis: Are you saying we should learn how to better protect her

Luna: Well if we don't how much longer do we have till the next Andromita comes wanting to kill her

Artimis: You have a point but what can we do

Luna: I don't know Artimis I just don't know.

Nabor: Moyria I know its your first day and all, but I would like to offer you the chance to do something other than carry around those drinks all night. I am in need of an escort tonight and if you do a good job then its your new job ok

Moyria: What exactly do you mean by escort

Nabor: Well you would walk around on my arm looking pretty and posing in pictures with me and occasionally you will kiss me in public

Moyria: (thinking to self) Yuck he wants me to be his girl friend for money. But if I agree then I might be able to crack the rip off of the public and Reyhard might go easier on me for all that equipment I broke before. (out load) I will gladly be your escort sir

Nabor: Good Now get out of that outfit in this dress okay

(Time passes and we Serena, Mina, and Amy walking by the casino )

Serena: Wow what a crowd for the new casino.

Mina: Its amazing how a place like that can draw so many adults

(Serena is trying to peek inside and sees Darien at one of the tables)

Serena: Whats Darien doing in there.

( She now sees Moyria walking by with Nabor and the two strangers she is now wearing a gold sequenced dress showing just a modest amount of cleavage)

Serena: Oh its that woman. I knew she would be there she trying to take away my Darien Oh is she gonna pay.

Luna: How many times do I have to tell you the Lunar Pen is for scout business only.

Serena: Oh be quiet Luna or I will leave you out here!

Luna: Oh right just how do you expect me to get in.

Serena: Simple (as she holds out a brief case

Luna: Anything but another one of those stupid boxes. I think Ill wait here thank you.

(Serena heads on in)

Luna: Oh yes being crammed in a box is real fun.

(inside )

Darien : Wow your really good at this sir

Nabor: Thanks boy maybe some day Ill teach you my patient poker technique

(Darien watches as the business man and stranger give each other a nod and soon the businessman changes to a Negaverse warrior that quickly dishes out a wave of mind warping cards)

Darien and Moyria: Whats going on?

Nabor: Just adding a few of these people to our little group and you two will be joining them

(Darien quickly jumps back avoiding the cards shot at him Moyria flips Nabor makes a swift kick at the monster and runs off to a restroom) Darien quickly makes his way to the bar as for Serena well she was the first to show up transformed as the heroine Sailor Moon)

Sailor Moon: Hold it right there you Slime mister these people came here to have fun but you had to ruin it

Tuxedo Mask: Ive got you covered Sailor Moon

Sailor Moon: Tuxedo Mask

Moyria: Heres my chance to get Sailor Moon ( she notices only Nador and the Monster are around ) hey where did the capped stranger go? Oh well no time to find them now gotta transform "Galactic Power Transform" (we watch as Moyria change to the mercenary Andromita as her cloths change to the dark gray uniform and laser gun placed at her side)

Sailor Moon: Oh just great more trouble

Sailor Venus: Don't worry Sailor Moon we can take of her

Sailor Moon: Sailor Mercury Sailor Venus you came to help out.

Nabor: A touching moment that will soon end I guarantee you Slaves of the Negaverse stop the Sailor brats

Andromita: I warned Iris before that if he placed humans in this fight then I wouldn't be so merciful so long Nabor "Light Prismic....."

( We see Andromita's laser knocked out of her hand by an energy whip)

Voice: I don't think so Andromita

Sailor Moon: Who is that

(a capped figure jumps from the chandler )

Voice: The name is .....

Andromita: Centurous

Centurous: Im surprised you remember my name after all it was you that rocketed me from the ship Stardust to the desert planet of Toron

Andromita: We where children playing a game then I didn't do it on purpose.

Centurous: Just like Alpha Triade or Mars was

( The memory of the dream of a monster and woman fighting and being trapped in an mountain of ice comes to Andromita's mind)

Centurous: It was because of you she die on Mars remember then your carelessness nearly killed us all at Alpha Triade

Andromita: Shut up Centurous just shut up.

Centurous: At last I can get back at you for all the things you did to me Andromita "Solar Flare Strike"

( Centurous cracks the whip sending a blast of fire after Andromita )

Sailor Moon: Alright get her get her

Sailor Venus: Um call me crazy Sailor Moon but I think once shes killed Andromita she will kill us as well

Centurous: How observant of you Sailor Venus and I must say this was just our introduction "Solar Flame Burn"

( Centurous waves the whip in the air and vanishes as a lager fire starts to burn down the building )

Nabor: Centurous you where suppose to kill Andromita

Monster: ROAR

Andromita: She may be a tuff foe but I can handle worse ( She quickly fires her laser at the two and they fade to dust)

Tuxedo Mask: Lets get out of here the whole place is about to burn down

Sailor Mercury: Were right behind you take the people out of here

(Tuxedo Mask, Sailor Venus and Mercury make to the door Sailor Moon starts to head out but the ceiling starts to cave in on her)

Luna : Sailor Moon NOOOO

( Luna Jumps in the air pushing Sailor Moon Away from the falling roof)

Sailor Moon: LUNA !!!

(The ceiling collapsed where Luna was a moment ago)

Sailor Moon: No Luna you can't leave me not like this No

Sailor Mercury : Luna!

Sailor Venus: She gave her life for Sailor Moon.

Sailor Moon: How can I go on without you

Artimis: Oh Luna why did you have to be such a hero

(a figure stands on the burning rubble it is Andromita with something in her hands)

Sailor Moon: You .....Why .....why must you continues to hunt me down

Andromita: Here

(she tosses the object in her hands to Sailor Moon)

Sailor Moon: What? (looking at the object is wrapped in a blanket) What is it?

(Soon the blanket starts to wiggle and Luna pops heads out of the blanket)

Sailor Moon: Luna .....I don't understand you saved her why

Andromita: Theres allot you don't know about me Sailor Moon Farewell.

(Andromita disappears in the smoke picking up something on the way out)

Artimis: Luna You saved Sailor Moon

Luna: I guess I did

Sailor Moon: She saved you why

Tuxedo Mask: I guess under all that hard cold heart person is a warm hearted hero waiting to come out

Sailor Moon: I Guess she is not as bad as we first thought but now we have this Centurous to deal with also and I think the only one that can stop him is Andromita.

(The next day at Reyhards Office )

Reyhard; Too bad our cameras burned in the fire the footage would have been great of the fight you two worked real hard

( we now see Moyria and Darien in the same cloths as last night although they are slightly dirty from the ash of the fire)

Moyria: Excuse me sir but would this be the equipment that was in the fire.

Reyhard: The equipment and its still works and more important it has the footage of both the fight and the ripping off of the customers Moyria your a hero

Moyria: Thanks but right now Im beat

Darien: I second that

Reyhard: Well go home you two deserve it, by the way Moyria what happen I thought you where hired to wear the bunny outfit

Moyria: That Outfit and I had creative differences Its still a little to hot to handle

(we end seeing a picture of the bunny uniform smoking in the ash of the casino

The End

Sailor Moon Sez : In case of a fire you and your family should have an escape root and meeting place

Sailor Mars: You should now two exits to every room in your home

Sailor Venus: If the room is filled with smoke get on the floor and crawl remember smoke rises

Sailor Mercury: If a door feels hot do not open it could mean the fires just beyond that door.

Sailor Jupiter: In a fire at your home you should always call for safety from a neighbors phone and not the phone in your home

Luna: If your close catch on fire you should stop, drop and roll to prevent the fire from spreading never run

Sailor Moon : Knowing what fire can do is knowing how to play it safe Sailor Moon Sez.....See Yah
