Moyria: I need some time to think Sailor Moon don't worry I will return before the fight

Tuxedo Mask: Moyria wait up we need to talk

Sammy: Serena ?

Sailor Moon: Yeah Sammy

Sammy: Do you think Mom, Dad and the others are OK

Sailor Moon: I have no idea Sammy

Sammy: But what can we do?

Sailor Moon: We can pray and hope

(meanwhile Darien has caught up to his partner)

Darien : Moyria wait up a sec

Moyria : What is it Darien?

Darien: Why did you keep the secret that you were Andromita from me all this time.

Moyria: I didn't know you were Tuxedo Mask either So naturally you would have thought I was crazy.

Darien: I don't understand you one minute your a cold blooded killer the next your soft and loving to everything and one around you

Moyria : There is much you don't know of me Darien my life is something I've been running from and now it's all caught up to me. Please leave me alone go back and take care of Serena and Sammy I need to be alone.

Darien: So what happens after the fight?

Moyria: Well if I lose those people all die along with me and if I win I will send the people back and will make sure that Geo never harms an innocent human again Now Goodbye Darien

(Mean while at the negaverse base Geo looks on his captives as they are kept in caged pit)

Centurous: As you can see these humans captured will cause Andromita to willingly to fight me

Geo: Good but are you sure you can beat your sister as easily as you say

Ceturous : In all the training we where taught in our youth Andromita never took a fight seriously she always played around with her powers But at the same time I learned how to control the power something she never knew. Trust Me when I say that this will be my sisters last battle.

(Meanwhile out in front of the apartment complex Moyria sits down gazing into the stars little does she knows of the figure that watches over her from a distance)

Moyria: Oh Father how could I have let you down I let Geo take all those innocent humans its all my fault this world would have been safer if I hadn't gotten involved at all

Miriam : Greetings their Moyria I coming home late tonight I see

Moyria: Miriam

Miriam: Are you alright dear.

Moyria: Tell me have you ever felt like you don't belong on this world that nothing would change if you weren't here

Miriam: I haven't but I remember someone that had said that before they had given up on everything and turned away form the world they grew in the darkness of their own making and so he wanted to end it all but he picked up a knife and stared at for hours and in the dim light of the knife he found the answer to what he was missing for in the light of the knife was the reflection of the sad eyes of the only person who ever loved him and in those eyes he found the meaning to face each day.

Moyria: What happened to them

Miriam: Last I heard the two got married and grew old together and soon they open up an apartment building with many wonderful people.

Moyria: You mean

Miriam: Yes Jacob grew really depress after he lost his job as a police officer

Moyria: What happened?

Miriam: It's not something he even really told me guess he will tell me sometime but he got a good resign Im sure. Now tell me dear what bothers you so.

Moyria: Ive sent so long truing to make my father proud and before I knew it he was gone and it was my turn to follow in his footsteps but every time I try to I fail and because of it I have cause allot of people pain

Miriam: It sounds like you really don't want to fallow your fathers footsteps

Moyria: Yes but I promised him on his deathbed ...

Miriam: Trust me when I say that the best thing for you to do is what you think is right. Now lets head in you need a goodnights sleep. By the way where is Darien.

Moyria: He's finishing up at work he will be in soon.

(Time passes and theres a knock on Moyria's apartment door she opens it to revile Darien, Serena, and Circuit.)

Darien: Hey Moyria you OK

(she doesn't even look at the two let alone speak)

Darien: Well Circuit thinks he found a move for you to try and I turned the equipment in Mr. Reyhard is giving you the week off I told him you weren't feeling well

Serena: Hey why are you so sad?.....

(she still says nothing she just picks up Circuit and cradles him in her arms)

Circuit: Mistress?

Moyria: Goodnight Darien.

(she closes the door quietly as Serena and Darien puzzle over their new found companion)

Circuit: Mistress what is wrong?

(circuit looks around in the apartment and sees everything put away in boxes except two small envelopes one address all the friends she had meet the other addressed to Tuxedo Mask and Sailor Moon)

Circuit: I see you don't plan to come back after the fight do you

Moyria: You better go and live with ether Serena or Darien they will need your help to defeat the Negaverse

Circuit: But Mistress I wish to stay with you

Moyria: You can't come to where Im going Circuit

(Day rises and both Darien and Serena stand at Moyria's door they start to knock until they notice a small envelope under the door Addressed to them)

Moyria's Voice: You could never understand being born in royalty the both of you have remiand Important to this world but my war is over it die a thousand years ago with my father aboard the bridge of the Stardust. I can never make up for the trouble I have caused you after i face my sister I will leave and fade off in the world and after that fight Andromita will have died and I will go on my own way Im sorry but I never belonged on the battlefield You taught me something i thought that I have lost after all these years of fighting. Moyria: If you want to fight go on ahead as for me well Im going to see where that road leads me

Darien: We need your help

Moyria: I don't care you can find someone else all I want is to be left alone

Darien: No matter what we say you wouldn't change your mind will you

Moyria: Once a long time ago I would take any chance to fight but now all I want is for the fighting to stop you can't make peace with war

Darien: No you need love to make peace

Moyria: And I have never know love like you or Serena or even the love all you have for each other i was raised battle after battle my mother and father died before my eyes and another

Serena: Another who are you talking about

Moyria: It doesn't matter it all just ends up being a number at the end of the fight. Then you receive your thanks and maybe a medal and wait for the next battle all the time you wonder when will it happen who will be the one to kill me.

Serena: Moyria what happened to you that caused such pain in your heart.

Moyria: Centurus was right it was my fault that they died if I had only

(The Scouts watch their new friend break out in tears one of those tears falls down her cheek and falls upon her crystal sending a light from it filling the night sky and when it vanishes the Scouts, Moyria and Darien all have disappeared)
