Moyria: If you want to fight go on ahead as for me well Im going to see where that road leads me

Darien: We need your help

Moyria: I don't care you can find someone else all I want is to be left alone

Darien No matter what we say you wouldn't change your mind will you

Moyria: Once a long time ago I would take any chance to fight but now all I want is for the fighting to stop you can't make peace with war

Darien: No you need love to make peace

Moyria: And I have never know love like you or Serena or even the love all you have for each other I was raised battle after battle my mother and father died before my eyes and another

Serena: Another who are you talking about

Moyria: It doesn't matter it all just ends up being a number at the end of the fight. Then you receive your thanks and maybe a medal and wait for the next battle all the time you wonder when will it happen who will be the one to kill me.

Serena: Moyria what happened to you that caused such pain in your heart.

Moyria: Centurours was right it was my fault that they died if I had only

(The Scouts watch their new friend break out in tears one of those tears falls down her cheek and falls upon her crystal sending a light from it filling the night sky and when it vanishes the Scouts, Moyria and Darien all have disappeared)

Serena: Where are we

(They all reappear in front of a large pool of the ruins of the Moonkingdom)

Lita: It looks like the Moon Kingdom

Mina: Funny Last Queen Serenity brought us here I dont remember a pool or those arch ways

(they all take notice to four archways)

Voice: Welcome back Serena

Serena: Queen Serenity

Queen Serenity: Yes my child

Serena: Why have you called us here this time

Queen Serenity: What do you mean it was you who came to me

Serena: Thats impossible isn't it

Queen Serenity: You all where sent to learn from the past on your own will I simply must lead you to the right path

Serena: The right path?

Queen Serenity: Yes each of you needs to learn from this journey to grow in power you are only allowed to take the path that is chosen for you though for you can never change the past.

Serena : Well I know who Im going with (grabs hold of Darien

Darien: What are we suppose to learn about in our past.

Queen Serenity: I wish I could help you more but it is for you and you alone to discover

(in an instant the Queen vanishes leaving the travelers questioning what had just been told)

Serena: So now what

Lita: Guess we choose a archway to go through

Amy: Yeah but which one

Mina: This one seams awfully firmiller to me I choose this one

Rie: yeah but its best we stick together

Darien: I don't think we have a choice on that Mars

Moyria: She said we could only go where we where suppose to be

Mina: I think I

(Mina disappears in the archway)

Lita: Mina !!!!

(Lita runs after Mina but ends up running through the archway)

Lita: What where did she go

Moyria: To face the past

Lita: But why couldn't I follow

Moyria: because its not the past you need to learn from

Darien: Odd this one does match the others

Serena; Well Darien want to go

(ignoring Serena who is still holding on he walks through and vanishes while Serena falls through and right on to her face)

Serena: Why cant I go with him WHAHHAHAHAH

Rie: Shesh anything's better than hanging around listening to her cry

Amy : Rei where are you going

Rei: To face the past

Lita: but which door there are only two left

Rei: That one

Amy: Why that one

Rei: I don't know just a second sense you know

Lita: Yeah I feel it too

Amy: lets go then

Serena: Right

(The four run throughout the archway Amy, Lita and Rei disappear but Serena runs right throughout)

Serena: Oh not again

Moyria: Its obvious which one to choose now huh

Serena: Hey theres noway Im going in with you

Moyria: Go ahead Im going nowhere

Serena: Right then off I go

(Serena dashes to the last archway and vanishes now Moyria is left alone that is until Queen Serenity reappears.)

Queen Serenity: Why do you what here

Moyria: Your majesty Im sorry but The past is something I can't live throughout again it hurts too much

Queen Serenity: Its OK Andromita nothing will hurt you

(tears cover Andromita's eyes)

Moyria: You can't understand you weren't there you don't know the pain I caused my family why my mother died

Queen Serenity: Trust me when I say I do know your pain Andromita unlike any you ever knew you know your much like me when Serena died and I forced to use the Crystal to save the Moon Kingdom to grant you all a future for us all Raydon gave his life so you could help the scouts in this battle by giving in you truly fail

Moyria: But I have already fail I fail my mission, my family and my revenge,

Queen Serenity: yet the greatest of your powers has yet to fail you

Queen Serenity: Go the only way to heal the wounds of the past is to face them Farewell Andromita

(Moryia is left alone again staring at the archway that is chosen for her and thinking of her past she remains there quietly alone. Meanwhile Mina is watching a not to distant past unfold)

Mina: Hey That s my old school its just like the day I first meet Artemis and became Sailor Venus

(she walks toward her school as she hears the bell ring she watches many students head out finally a quiet long blond girl walks out with the firmillar bow in her hair)

Mina: Huh guess I did keep to myself but then I never really had many friends as a child Dads business kept send us away

(the young Mina runs into a slightly older young man with short blond hair)

Mina: I think I remember him now

Young Mina: Excuse me

Young Man: Mina right

Young Mina: Yes do I know you ?

Young Man: I was sent to tell you to report to the principle

Young Mina: OK Thanks uh

Young man: Duncan

Young Mina: Thank you Duncan

.Mina: Something else happened today but what? Only one way to find out.

(Mina follows herself to the office of the principle)

Principle :Ah Mina come in please I have some news for you . Your mother called she wanted you to know
.....

(meanwhile back with Moyria)

Moyria: How can I face the past if I go there I might see it again I can't face that I must not see it again its my fault she died

voice: Is it child is it truly your fault

Moyria: Yes

Voice: I doubt it was you fault she died on Mars

Moyria :How would you know? Who are you? Where are you?

Voice; Im here come follow me and learn child come

(Moyria follows the voice into the last archway and vanishes Only to reappear next to Serena who also just got there)

Serena: So you did follow sure didn't take long

Moyria: What do you mean it must have been two hours

Serena: So do you recognize any of this

Moyria: We are aboard the StarDust we are nearing neblon it is here where I first meet Centurous and Mom and Dad adopted her after they saved her from some slave traders

Serena: If this is your past then why am I hear

Voice: HEHEehhe tag your it.....

young Andromita: oh yeah well Ill get you come here

Raydon; Slow down you too

Woman: Raydon let them be after all they hardly get to have any fun on a planet

Girl: I can take care of them you two go help those slaves

Moyria: My worst fear Im staring in the eyes of my dead sister and mother

Serena: Another sister

Moyria: The girl shes my older sister Karna because of me she later died

Serena: But you still didn't answer my question? How do I fit in(she now notices that the girl Moyria is playing with is herself)

Moyria: You don't remember the missions you had traveled for over two years with us I don't remember why

Woman : Karna prepare the infirmary I bringing a hurt child onboard for treatment

Karna; Yes mother, Andromita you and Serena go play else where

young Andromita: but I wanna watch please Karna

Young Serena: Plweese

Karna; OK just sit over there you two and don't touch anything

Young Andromita: Not even mommy.

Karna: Especially mommy you know what can happen

Woman: coming aboard

(we see a young Centuruos laying limp in Raydon's arms as they bring her onboard and lie her down on the table)

Woman: Im gonna to need to use my healing power on her so don't bother me OK Raydon.

Raydon: Right Karna come with me we need to help the others

Karna : Coming

(the two run out with a med. kit)

Moyria: Remember when Curcit told you that the crystal is a part of me as well

Serena: yes

Moyria: Its because I ignored my sister that I was forced to have it become a part of me

Young Andromita: Mommy I want to help

Woman: No Andromita the magical field it will kill you NOOOO (the scene fades and Moyria and Serena remain)

Serena: So thats how you gained your own powers

Moyria: yes Karna inherited mothers powers and Centurous gain them when she saved her life but my are because of my crystal

(a new scene opens and hurt quick ly enters Moyira's face, Back with Mina)

Mina: I remember now mom left she was tired of dad never being around frankly I was mad at him as well he never was around for my birthdays or any of the holidays all I would get is a gift and a card saying how much of a good girl I was Mom left for Japan I stayed to finish the school year but left to Japan afterwards and joined up with the rest of the Scouts. Gosh I can't believe how well I took something like my parents breaking up so well)

Young Mina: So I just Finnish the year and go with my mom OK

(Mina follows her youngerself on the way home she hears the cry coming from a stormdrain the cry was cat like but something was odd about it)

Mina: Huh This is where I got Artemis out of that storm Drain as I recall it rained awfully hard the day before and he called it a short cut down there

(we watch as a young Mina pulls Artemis from the drain and carries him with her home)

Mina's Mother: Mina is that you dear

Young Mina: Yes Mom hey look what I found

Artemis: Meow

Mina's Mother: Oh how cute

Young Mina: Can I keep him

Mina's Mother: Well moving so much has been rough on you. OK but take good care of him okay

Young Mina: I will

(the scene fades and Mina and Artemis remain)

Artemis; It only took me a day to be sure you where Sailor Venus after you took me in we became good friends did we not

Mina: The best

Artemis: As with each of the paths you are to be shown what has happened that you never seen look here.

Mina: Hey thats my father he looks so sad and alone

Artemis: When we left for Japan you took the only ray of sunshine in his life and so he quit working and has grown alone the streets the only thing that keeps him going is his thoughts of his only daughter.

(Meanwhile back with Moyria and Serena)

Serena: Now where are we

Moyria: Alpha Triade its been about two years you and the Queen are on board as it was suppose to be a

mission of peace that ended in death

Serena: Gee don't you ever have a cheery moment in your life

Moyria: There little room for a child to have fun on a battleship

Karna : So what brings us to the edge of another universe

Queen Serenity: We need to make peace with this race so we have no threats head toward us hey Makai what do you think of this planet

Makai: Well Serenity it's lovely but the whole world has but only one island and almost no plants it almost dead if it weren't for the sea.

Queen Serenity: Yes I just hope that this is worth the long trip here.

Raydon: If it causes peace it was worth it

Queen Serenity: come on out children you have nothing to fear.

young Andromita: Wow pretty.

young Centurous: A waste of time looking at this world all I see is dirt

young Serena: Mommy I like it here can we live here huh

Queen Serenity: Oh Serena

young Serena: What ?

Makai: Funny I just got a sense of danger here but from what theres no life forms

Voice: The danger is me fools. You feel right in my trap and now nothing can stop me from ruling the universe

other voice: Shall we Finnish them

Voice: Yes prove your self worthy as my henchman

other Voice: Yes my Queen I believe I will start with the children

Raydon: Leave them alone

Makai: Serenity Karna get the children inside the Stardust.

Queen Serenity: Be careful

(Serenity gets Centurous and Serena on board but Karna is having trouble getting Andromita)

young Andromita: Your gonna hafta face me you bad man

Karna: Andromita get over here before you get hurt

voice: Really brat you wish to try and beat me very well then take this

(A blast of energy is tossed at Andromita but is blocked as Makai jumps in front of the blast saving the youngest of her two daughters)

Makai: Noo I wouldn't let you hurt my baby

young Andromita: MOMMY

Makai: run child run to safety. (faces the two strangers) Now your going to face me. Upon the magical bands of time and earth I banish you to the far reach of the galixies where you can hurt none. BEGONE

(in the incantation of the spell the two vanish)

Raydon: Makai!!!

Queen Serenity: Makai

Karna: Mom are you OK.

Makai: Come hear Karna eldest of my children and receive my gift to you

Karna: Don't speak like that your not going to die your magic use it use it to save yourself heal yourself

Makai: I can't The only thing I can do is make sure the power lives on I will use the last of my magic to guard this planet from those warriors but know now each of you they will make their way to the moon and when they do you must stop them at any cost, Queen Serenity

Queen Serenity: Ever since we where young I never heard you call me Queen

Makai: I want you and Raydon to rise Andromita and Centurous they need guidance to be sent on the right path
Karna take out your hand

Karna: Im ready mother

Makai: I don't want Andromita to know what has happened you must tell her that I no longer live or else she will never leave understand.

Karna: Yes mother.

Makai: Now take this the last of my magic I can give you child use it wisely

(Makai hands a small key to Karna They leave Makai and as they leave where Makai's body had laid now grew a small tree as life began anew on the world)

Moyria: So thats what Father meant by when he told me you where still alive

Serena: Hey I now recognize where I saw this place before I saw it in the mind of the Doom Tree that means

Moyria: In Sprit she is a mother her magic gifted life anew and that was the form she has chosen for herself

(the scene fades and Moyria and Serena are alone again meanwhile Darien is just starting his own quest as it where as he stands before a stone castle staring at two figures on the turrent)

Darien: Thats me but who is that Im talking to....

Man: Your highness as the forces of Melivich and Zeriagtaten have fallen before this evil race all that remains is the Moon kingdom your castle and the and your enemy Jedin if he where to join The race then we will surely lose

Prince Darien: I Understand Maxus but I cant give you the troops I just dont have that kind of power

Maxus: All Im saying is if we combined our power we can defeat them

(screams are heard from nearby)

Prince Darien: Whats going on ?

Guard: its Jedin he got some of his inside the castle he may be here himself

Prince Darien: I will take care of Jedin you get the rest of the guards to capture his troops Im sorry Maxus but I can not help you I have my hands full If you wish you may stay here for the night.

Maxus: No thank you your highness I believe I will leave tonight

Prince Darien: Farewell Maxus

(Darien Watches Maxus leave and follows his formal self he watches as he hunts down this Jedin character who he finds inside the kitchen and at first glance Darien notices who he later becomes)

Darien: I know that face its Jedite why didn't I recognize it and Maxus that had to be Nphylite then those two other that he mention had to be Zeocite and Malicite They all where once human but that can't be the reason I was brought here is it?

(Darien puzzles on his question as Moyria and Serena are haunted by a the spirit of Raydon)

Moyria: Father your alive

Raydon: No Andromita there has come a time to end this dark secret we kept from you

Moyria : What is it Father

Raydon: Im not your Father.....
