

Sailor Moon Andromita Factor episode 13 “Watch the seas, the sky , and your back”

(the scene opens with Moyria inside a dark room under the light of a window she is writing in a book she speaks out the words as she writes them down)

Moyria: Log entry 10,16, 1997 Ive been in this cell for over a week now and still have no idea on what the Yarmoto have in store for me since this is my first entry in this journal I will recap what has happened since I was taken from the office of the TAC. It all started the day after Geo and his armies attacked the city. After Kenny dropped me off at the TAC they helped me get settled in for what we all thought would have been a long wait but to much our surprise with the escape of Misto the very person who tried to kidnap me in the first place, My life grew in danger.

(The scene changes to a few days earlier as Kenny is at the TAC with Moyria as his portable radio speaks out)

Radio: Officer Cennada come in

Kenny: Cennada here whats the deal I thought we are to maintain radio silence

Radio: This is important the prisoner Misto has escaped we believe he could be after the girl again

Kenny: Right I want as many officers as you can and send them to the TAC building just to be on the safe side

Radio Roger

(The scene changes to a police car with the dark figure of Misto behind the wheel a large smile hits his face as he was listening to the report on the radio Meanwhile Serena is facing her own problems in her room)

Serena : I said No

Sammy: Uh why

Serena: Because its not safe for thats why

Sammy: But you need all the help you can get right

Serena: First of all you dont even have any abilities second you could get hurt and Im not going to be able to look after you all the time Sammy So No means no

Sammy: Here my sister is the greatest hero on the face of the planet and she wouldn't even let me join her so I can watch

Serena: Greatest Hero of the planet

Sammy: Oh Defiantly by far

Serena : Well I guess it really doesn't matter if you tag along

Sammy: Great Wait here and Ill show my costume

(Sammy leaves the room as Luna starts to talk to Serena)

Luna: Serena I thought we agreed that he wasn't going

Serena: Oh Please hes safe with the planets greatest hero

Luna: You the Greatest hero don't make me laugh Serena , If you in this all alone the Negaverse would have won years ago

Serena:(Sarcastically) Ha ha Luna thats so funny

Luna: Well its true By the way since he knows your Sailor Moon does he know about me

Serena: Well I sorta kept the whole talking cat thing out of it but he does know of Curcit. So who knows

(Sammy Returns with sheet over his face that drapes down as a cape it has two holes cut out for hi eyes and he is wearing sweat pants with a superman T-shirt underneath the sheet)

Sammy: Well what do you think of Super Sammy

Serena: Oh boy are you going to need some help

(Serena and Sammy's Mother calls upstairs)

Serena's Mom: Serena Molly and Melvin are here

Serena Oh yeah I was going to a movie with them I totally forgot

Sammy: You haven't even told me what you think

Serena: I Cant I ve gotta go

Sammy: Fine then go on and save the world just dont care for me

Serena: Okay already you can tag along but we are only going to the movies Sammy not anywhere special

(the two head out Sammy takes off his cape and places it in a bag Luna watches as they leave)

Luna: Oh how on earth did she ever beat someone like Beryl when she cant even stand up to her own kid brother

(meanwhile at Moyria's apartment Curcit lies wait in a sunbeam little does he know but right above him on the roof Harten is preparing to lower his newest camera to hunt out his so called alien)

Harten: Ive got you now I ve been observing you jump in and out from above my room now Ive got you trapped with the net at my window to catch you but first I simply need to bait you out and Ive got just the thing (reaching in a bag he ends up pulling out beer and chocolate) Tying it on a rope which is attached to a device that sets off this here camera is another way I am guaranteed to get you. And if that doesn't work I got a little surprise for

you .AHAHAHHHAHAHHAHHAHA

(the scene changes to a dark mysterious mansion on the outskirts of Tokyo inside Misto is talking with another dark figure)

Dark Man: You failed to capture the girl and you get caught by the police why should I let you live Misto

Misto: Well sir I escaped and on my way here over the police radio I heard where we could find the girl She is protected at the TAC Building there are about twenty officers guarding her a simple task of a man with your talents can easily get passed the guards and walk right out with her

Dark Man: Yes but in order to have this work we need someone else

Misto: Who

Dark man: Your cousin he is the first born male of the Yama am I right

Misto: Yes but theres no telling where that loner is

Dark Man: Then my dear Misto you hafta convince him to show his face by luring him out with his baby sister

Misto: Kidnap one of my own family

Dark man : Oh come now they disowned you after your first murder case

Misto: It will be my pleasure to make them suffer

Dark man: Good now see that you don't fail me again I will deal with getting the girl and soon Misto the lost power of the Yarmoto will be mine

(Meanwhile Geo sit in his throne with a disgusted look on his face)

Geo: I don't understand how an inter army had fallen to six warriors. There has to be a way to defeat the Scouts what we need is something they cant stop a power never encountered by them

Centurous: Hm you need some of Makai's magic to beat them

Geo: Yes but Makai is long since deceased but she wasn't the only person to have magical powers at her command

Centurous: Yes Magic is passed down to a selected few people we need to find one of those people to combine our magic with theirs

Geo: It is quite possibly impossible to find someone in this life time, No there are two other ways to attack the scouts One is to find Sailor Moon and single her out once she is destroyed the rest will fall quickly

Centurous: And the other?

Geo: Involves the monster Raydon and the children of Makai, Had imprisoned on Mars

Centurous: You intend to release Golum

Geo: He is quite powerful and could destroy the scouts easily

Centurous: But he is completely uncontrollable Last time he was free he destroyed three worlds.

Geo: My mission is to destroy the Scouts I do not care if humans are destroyed in the process Centurous, Your training by Raydon makes you soft when it comes to lives. Ironic your more like Andromita than you think

Centurous: If you let Golum free he will destroy every living thing on this world leaving you to rule corpse No tell me do you wish to rule this world or destroy it Geo

Geo: Silence, You where brought here to defeat Andromita, a mission of which you have failed miserably. Question my authority again and you will face a worse fate then that of any warrior before you, Understand Centurous.

Centurous: Yes, Sir.

Geo: You needn't worry I will not release Golum if we succeed in killing Sailor Moon. I think its time to send out my newly reformed Iris.

(At TV16)

Reyhard: Darien come in here a minute please

Reyhard: I just heard on the police radio that cops are surrounding The TAC building downtown to protect a girl. It could be Moyria. I want you to grab a camera and to sneak past the police to get the scoop got

Darien: Yeah but why are you giving me this assignment

Reyhard: I know that your a good friend of Moyria's and I think in this kind of trouble she could use you. Now go.

Darien: Yes Sir

(Inside the TAC Kenny is talking to some officers and they spread out Moyria sits on a desk looking board all of a sudden a green gas blows out of the air vents causing everyone to choke for air)

Kenny: Damn the Yarmoto must be send gas through the air ducts on the roof

Moyria: Whats going on >Cough< on Kenny

(A burst of gunfire hits the glass of nearby windows as men in black come swinging in wearing gas masks)

Kenny: They >Cough< won't get Moyria just >cough< yet

(Kenny collapses on the floor along with many other officers, Moyria is starting to go under the gas as she watches the dark figures come closer then all goes black) (A few minutes later Darien arrives with many other TV and Newspaper Crews)

Darien : What happened here?

Darien: Moyria's been kidnapped

Kenny: Even if we tried theres no stopping them now, with out causing a war

Darien: I don't understand what do they want her for

Kenny: I don't know, but I hope for her safety its nothing bad

Darien: Any idea on where they are.

Kenny: Out all the bases they hold They possibly are headed toward, Viscoto a secret base located somewhere under Tokyo

Darien: Thats allot of area

Kenny: Your telling me. I think her only hope now lies in the assistance of the Sailor Scouts

Darien: Yes they may just be her only hope of escape.

(Meanwhile outside the movie theater Serena is chatting on with Melvin and Molly about the movie Sammy is staggering behind slowly)

Serena: That film was so gross

Molly: yeah mostly that part where that one guys guts fell out of his chest

Melvin: Those guts where so fake

Molly & Serena: We'll take your word for it.

Sammy: Come on Serena when are we going to see some action

Serena: Hey I told you all I was going to do was to see a movie

Melvin: You didn't like the film ether Sammy

Molly: No he still wears the cape around at places we go to its embracing sometimes

Melvin: Quite girls don't go around giving away my secret identify

Molly; Oh yeah big secret like anyone really looks different with a mask and cape

Sammy: Im not pretending I'm Sailor Moon's newest sidekick

Melvin: I didn't know the sailor Scouts where searching for new members I would have joined

Sammy; Sure just ask

(Serena quickly grab Sammy around the mouth)

Serena; Little brothers have such imaginations don't they

Sammy: Hey what you do that for?

Sammy: Yeah so

Serena: If you let my secret out your history got that

(Molly and Melvin have stopped and are looking at a TV in a store window)

Molly: Serena look

(the screen shows a massive monster lifting a car over its head as the Sailor scouts are fighting it)

Serena: (To self) The scouts are in trouble and my communicator didn't go off? (searching of the communicator she recalls that she left it at home) Oh no Ive got to get down there and help them

(Serena Dashes And Sammy follows her but both failed to have noticed that Melvin had already gone leaving Molly alone and confused)

Molly: Hey where did everybody go?

(Meanwhile the scouts have their hands full)

Sailor Mars: I can't believe she hasn't shown up yet

Sailor Mercury: Mars I think you should worry more about the problem at hand

Sailor Jupiter: Even with our new weapons we are having a problem with his armor

Sailor Venus: Did you guys notice on how he looks remarkably like Iris

Sailor Mercury: If it is him he didn't do this to himself

Sailor Mars: No kidding Geo must have done some of it

Iris: Come out come out Sailor Wimps

Sailor Jupiter: Take this you steroid for brains

(Jupiter chucks her hammer at Iris it strikes him hard in the chest but its bounces off with little effect)

Sailor Jupiter: No way it just bounced off him like a rubber ball

Iris: Now its my turn Shadow storm

(the sky overhead grows dark and dark balls fall from the sky exploding on impact)

Sailor Venus: This sucks hes winning

Sailor Moon: Your pathetic Iris I will destroy you in the name of the Moon

Iris: Empty threats Sailor Moon

Sailor Moon: Ill show you

(Sammy jumps out of the shadows with his cape on and leaps in the air with a bat toward Iris)

Sammy: Prepare to die monster

(Iris grabs the bat and holds Sammy off the ground within a few inches)

Iris: You have guts little man to bad your about to lose them

Tuxedo Melvin: Let him go slime ball or face the wrath of Tuxedo Melvin

Sammy: Let me go.

Sailor Mars: Mercury you think you can get close enough to use your daggers on him

Sailor Mercury: Only if you all distract him

Sailor Venus: Will give you all the time you need Mercury

Sailor Mars: I'll say we only be calling for the past hour and we beat the monster without your help

Sailor Moon: Hey If you think you can lead this team without me fine

Sailor Mars: At least I didn't invite my little brother to cause us more problems

Sailor Mars: Oh sure

Sailor Mercury: What done is done Mars, Sailor Moon meet us at the temple later we all need to talk

(The scouts disappear leaving Sailor Moon with her brother a very shocked Melvin has run off)

Meanwhile Moyria is waking up as she is being seated in front of Misto and the Dark Man)

Misto: Well the little wretch is finally waking up.

Dark man: Come now Misto Thats no way to treat a guest.

Moyria: Where am I? Who are You? Why did you kidnap me?

Dark man; All your questions will be answered in due time my pretty first off I would like to introduce myself, I am Minika Yarmoto, Leader of the Yarmoto and heir to its power.

Moyria: Its power?

Minika: A legendary magic power of my ancestor Ganor, I am a direct descendent of his younger son Tanikura. A thousand years ago Ganor's eldest son Yama had fallen in love with the legendary warrior Sukana, but Ganor forbid their love and banished Sukana to the sands of time only to reappear when she was needed most. this caused Yama to be furious and he caused the clan and its power to be split between him and his brother. The clan could not regain its power until the first born son of Yama's ancestors is reunited with Sukana.

Moyria: What's that got to do with me

Minika: You will find out in due time my dear you needn't worry I won't have anyone harm you

Moyria : if I where you Id be more worried on what Ill do to you

Minika: In your chains you can not strike back my dear you think I just picked you out of a list of names. Heaven No. You first meet one of my men at a gym not too long ago . Which raised suspicions as to who you where. Thats when I got my hands on this (holds up a tape marked property of TV16) On this tape you show your true form Ms. Gatent. On this tape is your secret from the world. You do remember your fight at the theater don't you. Ironic that your own camera should have fallen into our hands don't you think. Lady Sukana.

(Meanwhile the scouts have gathered at the Temple)

Rei: Serena you are the most irresponsible person I know

Amy: Clam down Rei Serena didn't mean

Rei: We would all be better someone else as leader

Lita: You don't mean that Rei

Serena : Oh she means it shes been waiting for years to take over the team

Mina: Rei sure Serena was wrong to let Sammy fight but that doesn't mean she isn't a good leader

Rei: You kindling Mina any of us can do a better job than her

Serena: Oh Thats the last straw Rei you want to lead the scouts enjoy Im out of her

(Serena goes storming off)

Amy: Serena she didn't mean it

Mina: Good job Rei you made her upset

Rei: Severs her right the brat

Lita: I think the only brat here is you Rei

Amy: Now we hafta get you to apologize to her

Mina: To late shes gone

Rei: Hey I ll show you guys Im twice the leader she is

Lita: We will all see

(meanwhile outside Moyria's apartment there is a loud scream While Harten gains a grin)

Harten : I have you now alien. OH BOY IM GONNA BE RICH!!!

(Harten opens his window to reveal that he had caught the apartment Manager Jacob and his neighbor Will. Who are both hanging upside down)

Jacob: Harten I swear your going to pay for any damages on this one

Will: Why on Earth do you even have this set up

Harten: Well it was bait to catch the alien

Jacob & Will: Sure a likely story

Will: You don't think an alien would be stupid enough to go for half eaten candy and warm beer

Jacob: Just get us down okay

Harten : Let me get something soft for you to land on

Will: Don't waste our time boy just pull at that end of the rope and lower us gently to the ground

Harten: Um are you sure of that

Jacob: Of course we're dam sure of it

Harten: Okay

(Harten pulls at the rope but it unties and send the two men crashing to the ground rather quickly and painfully)

Jacob & Will: Ouch!

(Curcit watches from above paralyzed in laughter, Meanwhile Serena sits on the curb of a road crying as Darien pulls up on his bike)

Darien: Serena You okay

(wiping away her tears)

Serena: Im fine muffin

Darien: I sure you are my guess is you had another fight with Rei.

Serena: How did you know

Darien: Lita called to tell me you left the temple pretty mad

Serena: Well Rei was just a complete jerk.

Darien: Why don't come with me I could use the company

Serena: Moyria's still missing huh

Darien: Well I found out a little today but she was just kidnapped by some clan called the Yarmoto

Serena: I know this all must be hard on you

Darien: Its just out of all this power I have to save people the ones I want to help the most I cant

Serena: I think your idea is a good one

Darien: Idea ?

Serena: To go talk lets go

Darien: Oh OK

(Serena hops on Darien's bike and the two ride off) (Back at the hidden base Moyria is being escorted to a

dark room where in she is lock inside she is quiet but the silence is broken with the voice of a young girl)

Voice: So you must be the one they wanted so much

Moyria: Huh who are you?

Voice: My Name is Tanoka Yama, Im that rat Misto's cousin.

Moyria: So Tanoka why are you caught up in all this.

Tanoka: They are using me as bait to get to Suke.

Moyria: Suke?

Tanoka: My older brother Sukura Yama, he has me call him Suke. They have no idea where he is so their using me to get to him. Any idea on what they have in store for us

(the two exchange a kiss before Darien closes the door> Serena Turns around and stares at the door of Moyria's apartment. She opens the door to revile the room as it was when Moyria left with the police. most of to rooms are empty with the exception of a few messes left the day she left. Some things are still in boxes from when Moyria was thinking of leaving. The apartment is left empty cold and silent.)

Serena: Curcit are you in here

Curcit: Ah princess greetings how can I help you

Heroes

A Hero came today his cape flown like the sun

his strength could move mountains

his speed is quicker than light

his love bigger than the world

and then in the flap of a cape

it all was no more

A hero came today he rode tall and proud

his sword glimmered at his side

his shield carried the lives of the innocent

his soul covered the world

and in the swipe of a sword

it was all gone

A hero came today he had no sword or cape

he carried no shield and little strength

He was a simple man who cared for his family

his friends and even total strangers

giving to each the touch of his love

and in a flash it was all gone

but in all his heart and soul

his love still covered the world just the same
