Sailor Moon:

Last time in SMAF Andromita was held captive by the Yarmoto. Forced to marry a young man she never met, but with the help of yours truly the wedding was over before it began. As the battle went on the Dark Crystal was shattered taking Moyria's life with it. Thanks to her newfound boyfriend, Sukura Yama, and the warrior Sukarna, she was revived but her powers are forever lost. And to top that off in a fight between the scouts and the negaverse has placed Sailor Venus in a Hospital recovering from her wounds inflicted by the masked stranger haunting her. All the pieces will begin to fall together so stay tuned.

(the scene opens on a small room Mina lies in a bed with Lita next to her outside the press is being blocked by police as the word of two sailor scouts in the hospital among the ranks of press members is Sayrun Calvin, along with Moyria the two have finally living normal lives in the past week. Or what can pass for normal)

Reporter:

Hey the press has rights you know

Police:

Ladies and gentleman. The rumor of two members of the super hero team of the Sailor Scouts is simply that.

Moyria:

{Thinking to self} The only reason I even agreed with Sayrun to cover this was so I could see how Mina was doing but with security here I guess its out of the question.

Sayrun:

Hey Moyria looks like they wouldn't even admit their here guess there's no fighting them I'm going for some coffee you want any

Moyria:

No thanks I'm fine. (thinking to self) Yeah as fine as a normal human. if I had my powers I would be able to get in there easy.

(The crowd starts to dissipate Moyria remains in the hall packing some of the camera equipment. The hall is nearly empty now. All of a sudden Moyria is brought to the attention of an elderly man who has placed his hand

on her shoulder. Moyria stares at him as he grins at her and walks off.)

Moyria:

That old man. He reminds me of someone. But how could any of the people I knew in the past live this long. Unless they were part of the attack on the Moon Kingdom. Then they are dead.

(Meanwhile inside Mina's hospital room Lita is trying to help her friend get out of the hospital before the press returns. Lita is carrying a wheel chair)

Mina:

I don't need that, Lita.

Lita:

The doctor said the only way you could leave is if you used this for a couple of days Mina. Its not that bad.

Mina:

No I'm not getting in one of those things.

Lita:

And why not.

Mina:

Because I .....

Lita:

What was that?

Mina:

I don't want help walking that's all

Lita:

Hey it will be awhile before you can get to walking. you nearly broke both of your hips in that fight. The only way out is in this got it.

Mina:

I know that its just I don't want to look like I'm disabled

Lita:

So that's it your scared.

Mina:

No I'm not.

Lita:

Yes you are. You think that if you get in this chair that it means you'll be in there for the rest of your life.

(Mina remains silent and turns away from Lita as tears run from her eyes.)

Lita:

Well If your not getting in this chair I guess your staying. And I'm leaving.

Mina:

Lita wait

Lita:

What is it?

Mina:

Help me get in the chair.

Lita:

That's more like it

(Back out in the hall Sayrun has come and gone with some of the equipment Moyria is gather the last bits as she watches Mina in a large hat with shades, and Lita dresses in a business suit.)

Moyria:

Oh please Lita that disguise is pathetic

Lita:

Hey Moyria how are you doing.

Moyria:

I'm better then Mina Ill put it that way.

Mina:

Well we are rather busy Moyria so long .

Moyria:

And just where do you think your going.

Mina:

Home where else

Moyria :

Yeah well just who do you think is your ride, Mina

Mina:

Your going to drive. Don't you need a car first

Moyria:

Got one just the other day sorta an apology from the police force for putting me through all that. Its pretty nice one. Almost brand new.

Lita:

Well lets quite talking before the reporters get here.

Moyria:

Ill meet you in the lobby I hafta Finnish putting the equipment in the news van with Sayrun.

Lita:

See yah there.

(Lita walks Mina down toward the lobby, as Moyria finishes packing she notices the old man watching her. Then he disappears.)

Moyria:

Where did he go? Guess I just imagined him.

(The old man peers out again and once again grins at the site of Moyria. Meanwhile in the dark lair of Geo's reborn Negaverse plans for Geo's greatest attack are set in motion.)

Iris:

So you see my lord with Sailor Venus out of the way we should have no problem in fighting and defeating the scouts.

Geo:

Yes out new weapon work well didn't he. Centurous how goes your search for the magic user.

Centurous:

Things have grown difficult as impossible as it seems there are now three magic users two of which has equal power and one that I believe has power that may dwarf Mijiki's.

Geo:

And I take it you know where we can gain this individual

Centurous:

I have him on constant watch.

Geo:

Good! Then I want you to capture him and bring him here.

Centurous:

Yes Geo.

(Centurous vanishes in thin air)

Geo:

Now Iris our new weapon should be powerful enough to deal with the scouts by himself. As for You I need you to get on board Centurous's Shuttle craft and take it toward Mars. To free our ticket to ruling this miserable planet.

Iris:

Yes my lord

Geo:

I don't care what Centurous says. The Demon Golum is my ultimate way to defeat those rotten scouts.

(Meanwhile at the apartment Complex Darien has Serena over as the two work at cleaning his apartment. Assisting them is Curcit. Meanwhile Luna and Artemis are laying in a sunbeam. Serena Grabs a pile of cloths that prevent her from seeing where she's walking. As she makes her way a shirt falls part way out of the pile sending Serena crashing to the ground. Luna and Artemis each open one eye and go back to sleep.)

Darien:

You ok in there Meatball head

Serena:

Yeah just fine.

(Curcit has picked up some radio tune on his sensors and is humming it)

Serena:

Stupid laundry.

(Serena crawls around picking up the mess made by her fall sending her near a book shelf. Where She bangs her head standing back up. This of course causes her to start her crying fit she's well known for.)

Serena:

AHHHHHHHAHAHAHHAHA

Darien:

What is it what happened

(the bookshelf having been hit continues to wobble back and forth until a book falls down on Serena's foot)

Serena:

OUCH

Darien:

Man are you ever accident prone today

Luna:

Where have you been she's always like this

Curcit:

70% of the worlds accidents happen at home

Artemis:

Yeah and Serena causes most of them

Serena:

Shutup you three

(Serena tosses the book but misses the three guardians Darien happens to see a few things fall out of the book. But he is puzzled on the origin of the book.)

Darien:

That's odd I don't remember that book

Serena:

What do you mean . (looking at one of the pictures in the book she shows it to him) See Its a picture of you and me so its got to be yours right

Darien:

Now I remember I found that at Moyria's Apartment its my mangers scrape book

Serena:

Scrape book??

Darien:

Yeah well actually its his wife's. She started it years ago and each year she has the tenants add something to it.. Moyria gave it to me to put something in it for this year but I don't know what to put in there

Serena:

Why not put a new picture of us

Darien:

No I want to put something original something that means what I went through this year.

See here's Moyria's page she put a picture of her and a picture of the sun.

Serena:

Why on earth did she do that

Darien:

It represents staring a new life

Serena:

So why don't you put something like that. It sounds simple enough.

Darien:

Well Why don't you think of it like this. Of all the things you can remember that has happened in the past year. Every good, every bad, every love, every loss. Then put in one thing that best describes it all.

Serena:

That hard huh.

Darien:

Yeah

(elsewhere Moyria is loading some of Mina's bags in her new car. A almost new convertible. Mina is with Lita in the back seat with the top down)

Lita:

All right we get to cruise in style

Moyria:

Yeah well they wanted to stick me with some mini van but a little cash helped take care off the choice.

Mina:

Yeah what ever you say

(Moyria opens the front door and starts the engine.)

Moyria:

All right lets get out of here.

(The car rolls off away from the parking lots but comes to a quick stop a dark shadow covers the sky above)

Moyria:

No it can't be

Lita:

That's Centurous's ship

Mina:

She's headed for the hospital

Moyria:

No

Mina:

Then where

Moyria:

She after someone near by

Voice:

Your exactly right my dear. Now if you three will be kind enough to not resist us

Mina:

You .....You Monster!

(Mina Leaps out of the car shouting )

Mina:

Venus Power Transformation

(Mina changes into Sailor Venus her injuries have her staggering to stand up)

Lita:

Guess I better help her. You should try to stall Centurous.

Moyria:

Right take care Lita. Ill call for some backup 'kay

(Lita nods and leaps out of the car screaming)

Lita:

Jupiter Power Transformation

( Lita changes into the heroine Sailor Jupiter)

Sailor Venus:

Your history pal

(Moyria shifts gears and drives off after Centurous)

Voice:

So you say Venus but I'm afraid you don't understand how serious I am at destroying you

Sailor Jupiter:

Um I understand I'm not frimillar at who you are so could you please tell me your name.

Voice:

Very well. I am the darkest regions of every soul. I am the creator of nightmares and fears. I am Shadowen. Years ago a young man named Davin Collens, died when he got in between a fight with Sailor V and some goons. She felt great sorrow for his death . I came to her and made a deal with her. I would bring him back to life in exchange for her loyalty as my slave.

Sailor Venus:

Davin returned but he was disfigured his body was decayed its was as if he was undead and I had to end his suffering. I claimed the deal was over but Shadowen refused to let me go. But with Artemis's help I was freed from Shadowen's hold.

Shadowen:

But Now I have returned to claim what is mine. And the Negaverse leader Geo has granted my promise.

Sailor Venus:

So your now working for other scum.

(Shadowen's arm stretches out and smacks Sailor Venus across the face)

Shadowen:

Silence

(Meanwhile Centurous has arrived at a small cottage down the road sounds of Moyria's car is heard as it heads toward the cottage. It slows down to a near stop as Centurous stands staring at the house)

Centurous:

Well look who's here.

Moyria:

What are you after Centurous

Centurous:

Nothing that concerns you for now dear sister

Moyria:

I have taken an other to protect this world from you and the Negaverse.

Centurous:

I'm surprised at you sister All this time and you still haven't transformed it appears your able to control your temper. Unfortunately I have to kill you now.

(Centurous lashes her whip out sending a blast of fire at the car which Moyria drives to avoid)

Moyria:

I may have no powers But I'm not defenseless, Centurous.

(Moyria drives at full speed at Centurous, who dodges the attack by teleporting away)

Centurous:

Well I never thought that I would see the day my sister would become a normal human.

Moyria:

Shut up

(Moyria Backs up at full speed but Centurous dodges again, this time she teleports onto Moyria's hood)

Centurous:

At last I will be rid of you.

(Centurous raises the whip up and starts to swipe down on Moyria. But she is suddenly stopped as Moyria gunned her car in reverse sending Centurous fling off the car.)

Moyria:

You never where too bright Centurous

(getting up from the ground)

Centurous:

You'll pay for that. Flare burst.

(a blast of fire surrounds Moyria's car, but is quickly diminished by a force unknown)

Mysterious Voice:

Stop it

Centurous and Moyria:

What was that

Mysterious Voice:

Children of Majiki Listen well I have come to ease you hatred for each other

Moyria:

And who are you.

(The old man Moyria saw earlier appears from the cottage)

Old man :

I am your grandfather little one.

Moyria:

My Grandfather? but that would make you over a thousand years old

Old man:

One thousand, one hundred and seventy two to be exact

Centurous:

But how could you live that long only the young of the Moon Kingdom survived the suspended animation of the Moon crystals.

Old man:

Don't get me wrong I did not live at the moon that was your mothers choice. I have lived so long because of the families power allows me to regain my youth every now and then but the time is coming that my power will fail. I wished that your mother would have at least follow me but she never listened , its been so long since the transfer of our families power that I had to come you both here so that one of you may gain your heritage.

Moyria:

Tell did you know my father.

Old man:

Ahh yes your father I do remember him. He was the reason she left me behind. He was the captain of the guard of the Moon Kingdom. His name was Rakist. He was a hansom lad and quite strong unfortunately that's all he had of power unlike, Raydon, who I wanted her to love. Rakist was a great knight and the man that claimed Makiji's heart. They had their first child Karna, your older sister. It was a few years and your father had grown soft from a comfortable life. But when a demon struck earth, He was called to arms I was there the day he left.

(Time flashes back to that day the old man looks much older then Makiji holds a baby Moyria in her arms as a you Karna stands at Makiji's feet as a hansom man in Armor is strapping on his belt)

Makiji:

Must you go and fight this demon a dark wind blows in the sky.

Rankist:

I must my dear Its my duty besides, you know I don't believes the old man's powers control destiny.

Makiji:

But what if something would happen

(Rankist is quite as he put on his helmet)

Rankist:

If something should happen you will find what I wish you to do in there. Farewell my love and may the heavens bring us back together.

(The scene is back to the present)

Old man:

Of course he never did return. The letter told your mother on how she should look to Raydon to help her raise you and Karna but by then Raydon was the king of the Moon Kingdom and Serenity his queen and love. I still have that letter and another one. One he wrote for you and your sister Karna.

Centurous:

But none of it involves me of course.

Old man:

No but it was Makiji's wish that you too would be included as one of the her children

Moyria:

So what exactly do you mean by giving us the power of our family.

Old Man:

Years ago Magic thrived on this world that was until a meteor had fallen somewhere from space. The inner circle of mage's, a group of the most powerful mage's on the planet, were sent to investigate. What they had discovered was a begin of incredible power. The mage's took the begin in and cared for its wounds. What they did not know was this begin was slowly sucking the worlds magi away. When they discovered this only five mage's remained, Yasato, Ganon, Takura, Sukrana and my father Thervin. You all ready know what had happened to Sukrana and Ganon. I inherited my fathers power and was to give my power to my heir but I was enjoying life too much, I've held on to it too long now.

Centurous:

But what happened to the other two mage's.

Old Man:

They had been the ones elected to use their power to destroy the begin but they failed and were forced to send him where he couldn't hurt any one.

Moyria:

No! Grandfather tell me was this being's skin made of stone.

Old Man:

Yes child its was

(Moyria and Centurous stare at each other as rage grows in their eyes)

Moyria and Centurous:

Golum!

(The scene changes with Jupiter and Venus have their hands full fending of Shadowen)

Venus :

Shadowen your going to pay for what you did to me

(Venus aims an arrow at Shadowen pulling back she fires and in a blur of Shadowen's hand he catches the arrow and snaps it in his hand.)

Shadowen:

Oh please you can do so much better Venus.

(Just then From the shadows Sailor Mars, Mercury, Moon and their friend Tuxedo Mask come to her aid)

Moon:

We are here, Venus.

Venus:

I don't need your help, Moon.

Jupiter:

But your hurt Venus you can't fight like this

Venus:

This fights long from over.

Shadowen:

Go on ahead, I'll take all six of you on at one time.

Moon:

Your going down sleazeball. In the name of the moon I will punish you.

Shadowen:

Oh please get a new line, Moon.

(Shadowen body quickly morphs into a shadow.)

Mars:

Where did he go?

Jupiter:

Maybe he left.

Venus:

Not likely

(form the shadows of each of the heroes with the exception of Venus the form of Shadowen pops up entangling them in his powerful body)

Venus:

NOOOO

Shadowen :

Haaaaaa How do you like that Venus.

Venus:

LET THEM GO SHADOWEN.

Shadowen:

Not until you surrender to be my slave.

Moon:

Don't do it Venus

Venus:

All right you win let them go.

(Shadowen reverts his forms to be standing directly in front of Sailor Venus)

Mercury:

Venus how could you.

Mars:

Venus.....

Moon:

Mina ....

Shadowen:

You mine.

Venus:

That's what you think, Venus Heart Crush.

(As Venus shouts these words a force field blast up around her and Shadowen. Venus appears to be fine in the field but its power is tearing away at Shadowen.)

Shadowen:

AAAAAAAaaaaaaahhhhhhhh. I will not forget this Venus. Mark my words I will return.

(Shadowen Vanished just in time to save his neck from begin destroyed. while Venus collapses from exhaustion on to the ground.)

Moon:

Venus .....

(The scouts rush to their comrades aid as she begins to awaken)

Venus:

I'm fine just a little sleepy

Moon:

Venus.....

Venus:

Yes Serena

Moon:

Thanks for saving us

Venus:

Your welcome.

Jupiter:

Serena watch Venus the rest of us got to go help Moyria she went after Centurous

Moon:

by herself she doesn't have a chance

Tuxedo Mask:

What do you mean Serena.

Moon:

In our last battle together she lost her powers.

Tuxedo Mask:

you mean...

Mercury:

She just fighting Centurous as a normal human.

Tuxedo Mask:

Nooo Moyria

(Tuxedo Mask goes running off down the road to hopefully aid his friend. A shadowy figure watches them talk with Moyria's grandfather.)

Moyria:

So who will gain this power of ours.

Old Man:

It will find you child when it comes to be your time. But for Now I sense a great evil power is drawing close to its freedom.

Centurous:

That would be Golum, but there's no need to fear only the touch from me or Andromita can open his prison.

(The dark shadow leaps from his hiding place in Centurous's ship and is the warrior Iris.)

Iris:

I must thank you so much Centurous with out your help I would have never discovered how to free the latest recruit to the Negaverse.

Centurous:

I wouldn't set him free Iris.

Iris:

Oh don't expect you to.

(Iris snaps his fingers and a frimillar face to Moyria appears it is the face of the first monster Geo sent after her, The monstrous Mirror Wrathe, who grabs Moyria from behind. without her powers she is weak and helpless to the minion of the Negaverse.)

Centurous:

Let Her go Iris.

Iris:

Only if you go in her place.

Centurous:

I guess I must do it.

Moyria:

Centurous No you can't take my place you still have a chance to fight. I could never defeat him I have no power.

Centurous:

That's where your wrong Andormita the power is in you I know it.

(Iris grabs Centurous and tosses her into the ship)

Centurous:

Farewell Andromita.

(Centurous is carried away into the ship As Iris give a few last minute instructions to his minion)

Iris:

Kill Her.

(Iris broads the ship and closes the door behind him and Moyria watches as the ship takesoff. The Mirror Wrathe lifts her claw ready to strike. When a strike of light hits her hand the light turns out to be a drik thrown by her loyal friend Tuxedo Mask. His drik smashes the mirror exterior of the minion and allows Moyria to escape. )

Mirror Wrathe:

You would get away.

Moyria :

Who said I was going to run. Super Nova Smash.

(Moyria uses her Super Nova Smash technique but unlike the past times she has used it to her advantage she can tell the power is much weaker then before. But still with careful use of her attack of planing each of the strike points. The minion ends up breaking apart in Moyria's fist. but once her attack is finished her hand is covered in her own blood.)

Moyria:

Farewell my sister.

Tuxedo Mask:

Are you all right Moyria

Moyria:

I'm fine Darien.

Tuxedo Mask:

What About your hand.

Moyria:

Its nothing. (pause) Darien.

Tuxedo Mask:

Yes Moyria .

Moyria:

Have you ever felt how it was to miss someone you didn't think you cared that much about.

Tuxedo Mask:

.....

Moyria:

Well ?

(Darien says nothing he just leans over and kisses Moyria. Who is now breaking out in tears. In the shadows Sailor Moon ha watched the whole thing and anger has grown in her eyes as she's seen several times where girls have fallen for Darien and even kissed him but for the first time she is watching him kiss another girl of his own

free will.)

Moyria:

(In tears) Oh Darien

Tuxedo Mask:

Everything's going to be okay, Moyria, Everything's going to be okay.

(two days pass as Moyria is moving her Grandfather in the apartment with her so that she can care for him Darien sits in the hall of the building with the book he sets down a piece of string inside with one end divided in to two separate paths. One path leads to his future with Serena, Rennie, and Neo Tokyo. The other his future with Moyria. As he looks at the string he knows he soon must make the choice that will haunt him the rest of his life.)
