Neo Serenity:

What the a twister.

Neo Darien:

Serena We got to get indoors theres no telling what’s about to happen

(the couple and their daughter run for cover as a dark figure looks on from her private lair)

Sailor Pluto:

This storm is truly odd it seems to be effecting several periods in time. Almost as if it where a crack in time itself. I think you should go and investigate.

(out of the shadows a much older Rennie appears she seems to be about 15 to 16 now.)

Rennie:

Go? Go where. Puu.

Sailor Pluto:

I’m truing to figure it out.

(Suddenly the vortex vanishes and the sky is once again silent)

Rennie:

It's gone.

Sailor Pluto:

Not exactly It still exists in five different times two of those times are closer then the others. I wonder why.

Rennie:

Shouldn't we go and check it out

Sailor Pluto:

Rennie take this key it will allow you to come back and forth here I want you to go to the third incident of the vortex. Once there gather the Sailor scouts. I can't help but think that some how this is all related to them in some way.

Rennie:

But what time am I going to.

Sailor Pluto:

A summers day in 1998. As soon as you find something out come back here so we can figure out what we are up against okay.

Rennie:

I understand Puu you can trust on me.

(Rennie uses the key to send her back in time)

Sailor Pluto:

Godspeed child.

Sailor Moon Andromeda Factor

(The scene changes to the apartment building where everything is peace and calm Mirium is out in front sweeping the walk when a loud crash is heard inside with yelling getting louder. leaving Mirium puzzled. Suddenly a blur of a sailor suit and pigtails goes by almost knocking Mirium to the ground. As Serena shouts.)

Serena:

Oh god I can't believe how late I am. If I'm late this time it's detention for sure.

(inside Luna stands in the hall sighing)

Luna:

Yes its still plain old Serena. All right sometimes I wonder just how a girl like that could possibly be the same Heroin that saves the world.

Moyria:

You and me both Luna.

Luna:

Ah good morning Moyria. Umm aren't you suppose to be going to work yourself.

Moyria:

I'm not due in till later the boss said he had some sort of special assignment for me.

(Darien opens the door to his apartment and shuts it. He and Moyria exchange a glance and Darien walks on downstairs as Moyria heads back into her apartment. With Luna following her.)

Luna:

Moyria are you all right.

Moyria:

Yeah why?

Luna:

Nothing

Moyria:

God it's so boring now that Geo's gone

Luna:

Well Shadowen is still out there may one of these days he will attack and you see some action.

Moyria:

Oh I see action every time Grandpa tries to beat Curcit at a game. But for an ex warrior like myself it's dull unless you face constant battle after battle. Work is fine but theres no challenge to it.

(Moyria walks over to her mini kitchen)

Moyria:

You want some breakfast Luna.

Luna:

please anything will be a change from Serena's cooking.

(Moyria pours a bowl of milk in a bowl and places a slab of leftover meat on a plate for Luna and pours herself a cup of coffee. A smell which quickly awakes Moyria's Grandfather who quicker then the eye is placed at the table.)

Moyria:

I take you want some too.

Grandfather:

Yes please.

Moyria:

All right hold up.

(Moyria sets down Luna's breakfast and goes back into the kitchen and comes out with another plate of leftover meat and milk in a bowl.)

Grandfather:

Hey what's this.

Moyria:

Your doctor said No Coffee and I'm just following orders as you always say to.

Grandfather:

Me and my big mouth.

(Meanwhile in orbit of earth A ship that resembles that of a Roman Place stands in observance of Tokyo.)

Samin:

So the Princess is in the earth city called Tokyo.

Roniskie:

Yes Samin. we detect her life force as well as four powerful beings and three others that have cause for study.

Samin:

We're not her for you to study the pathetic humans Roniskie, We are here to resurrect, Emperor Yagata.

Jurkin:

Yes Samin but what fun would it be if we didn't play with these miserable creatures first.

Hanoku:

I would just adore having one as a pet.

Toren:

You'd think a andolotion tiger is a pet.

Hanoku:

Only if it's cute, Toren.

Jurkin:

Toren we all know Hanoku doesn't take mission seriously but my sister is able take out a inter army of soldiers if she had to.

Cornelle:

Ah but youth betrays both you and your sister Jurkin.

Savor:

This sounds interesting I think we should bet on who can get the princess and make the most humans suffer.

Cornelle:

Fine but I already know who is going to win this bet Savor.

Savor:

Good then your willing to bet twenty thousand grange.

Samin:

Silence, We called this meeting because we must find the princess to resurrect the Emperor. Anything else you do with your time is not the business of this court understand.

All:

Understood

Samin:

Good, now to properly catch the princess we must first find her so I'm looking toward each of us to hunt for her. I also have placed three spies out to look for her. No matter what we must find the princess. We will not except

failure got it.

(All nod and look around at each other and begin to disperse their own ways Left behind is the Elderly Cornelle thinking to himself.)

Cornell:

So Jaspin you bring us here to release the man who threatens to take you power from you. I wonder what are your true intentions. Why did you bring us to this worthless planet in the middle of nowhere.

(The scene changes to the news room of channel 16 Moyria is sitting along with Sayrun, Darien and a few other members of the news team waiting to here why they where called into this meeting. Soon the door opens and Mr. Reyhard enters.)

Reyhard:

Okay folks listen up I have a few announcements to make. First off Sayrun word is something major is headed this way from space I want you to go to the planetarium and check it out. Next David... ..

(Mr. Reyhard goes on giving out assignments to each of his reporters and eventually comes to a stopping point)

Reyhard :

All right you all got your assignments now go out and don't come back till you have a story got it.

All:

yes sir

(the reporters and Darien leave Moyria is about to leave till Reyhard stops her)

Reyhard:

I need to talk to you Moyria.

Moyria:

Yes sir.

(she sits herself back down and feels a great amount of neverousness hit her all a once.)

Reyhard:

You've been here for almost a year now and in that time you have caused me problems and at the same time got me some of the best stuff ever.

Moyria:

Umm sir what is this about exactly.

(Reyhard sighs and waves his hand. The door opens and a small group of police officers step in one of the officers is Kenny)

Reyhard:

The police have come up with an idea. After one year of working here you have been in disaster after disaster. But each time the Sailor Scouts have shown up.

Kenny :

What you say here is important do you know the Sailor Scouts.

Moyria:

What ? Is this what you had that's so important.

Kenny:

We know that for some reason you are important to the Yaramato and witnesses have constantly said that a person like you is seen leaving during each attack by a monster only to reappear moments after the attack.

Moyria:

Your point!

Kenny:

My point is that we believe that you are a Sailor scout possibly even Sailor Moon herself.

Moyria:

Excuse me! You think I'm that bumbling twit then your dead wrong pal. By the way why should you be interested in who I know. What would you do if I did know the scouts.

Kenny:

Don't get me wrong we do enjoy what they have done but.....

Moyria:

But they are they a monster magnet. Where ever they are you think the monsters will follow.

Kenny:

Its perfect reason since once Sailor V disappeared from Europe the monsters no longer attacked.

Moyria:

Boy are you guys stupid or what? The monsters aren't after the Sailor scouts their after humans and what better place to attack then one of the largest cities in the world.

Kenny:

That s not the question Ms. Gatent. Do you or do you not know the Sailor scouts.

Moyria:

I don't have to answer your question Kenny. I have my rights you know.

Kenny:

Very well. Then I guess will just have to keep a closer eye on you Moyria. Good day.

(The officers leave and shut the door)

Moyria:

Why that arrogant stuck up cheat. I can't believe I though he was my friend.

Reyhard:

Moyria you would tell me if you knew the scouts right.

Moyria:

Not you too.

Reyhard:

Hey it would make top billing in the news I would have the rights seeing as one of my employees is a friend of the famous sailor scouts or better yet a scout herself. Oh well ether way it still will make a good story. But I guess I should give you an assignment. Now make sure to get this on paper because this one will be big.

(Moyria grabs a pad of paper and a pen)

Moyria:

Okay ready.

Reyhard:

I want you to go to the noodle stand down the corner and pick up five bowls of Ramen, six beef bowls, four Meso soups.....

Moyria:

Figures.

(A dark figure passes by the window to the news room and then vanishes. Meanwhile at school Serena is finding it quiet hard to stay awake in class.)

Serena :

This class is soooo boring. I think I'll take a little nap.

(As Serena snoozes she dreams of being with Darien.)

Serena:

Oh Darien where alone at last no one to bother us. not even that rat Moyria.

(Suddenly Serena hears a voice calling her)

Voice:

Meatball head, Meatball head Wake up Meatball head.

(Serena wakes up to see class has been over and the sun has already begun to set. She see the figure of Rennie shoving her to wake up. The site of Rennie causes Serena to jump from her seat)

Serena:

You again what the heck are you doing her. I thought we left you in the future for good.

Rennie:

I was sent back here to find out what's going on around here.

Serena:

What do you mean? Everything's been quiet for about two months now. Now Leave me alone I have more important things to do.

Rennie:

No chance Meatball head. I was sent here to check out the odd shift in time and I'm not leaving till I find out what it was.

Serena:

Just when things where finally where getting peaceful you have to show up don't you, you little brat.

Rennie:

Yeah that about sums it up.

Serena:

Damn Guess I better call up the other scouts.

(Meanwhile on her way back to the studio)

Moyria:

What does he think I am his personal gofer. I wish just once he took me seriously.

(a TV screen with channel 16's report from the planetarium catches her eye as she passes a store window)

Sayrun (on TV):

The scientist are baffled at why the mysterious planet has fallen out of orbit and has stopped in a perfect orbit directly parallel to our moon. The governments of US, Russia and Japan are looking into a soon to be launch space exploration of this alien world. Sayrun Calvin reporting for Channel 16 news.

Moyria:

The Aurgoes. Cosair has followed me back to earth. This is not good.

(suddenly Moyria sees the reflection of a dark stranger in the window of the store.)

Moyria:

Who's there. Show yourself.

(the dark figure leaps off across the street and vanishes behind a bunch of cars.)

Moyria:

I'm no fool. That person was following me and their far to good to be a police officer. I don't like this one bit. I'll be ready next time they show up though I swear it.

(Eventually Moyria gets back to the station)

Reyhard:

It's about time my beef bowl better not be cold.

(Moyria Drops the stuff on the table as a camera man shouts out that dinner is there. A charismatic Mark Wilton approaches Moyria)

Mark:

The boss must like yah if he has you getting us dinner.

Moyria:

yeah right theres a real skill in ordering for forty seven people.

Mark:

No I mean it. I had your job before he made me an anchor. The same was to be said about Sayrun.

Moyria:

Really?

Mark:

Yeah. While I'm at it how about a date on Saturday.

Moyria:

Get a life Mark. I've got a boyfriend.

Mark:

I can wait.

Moyria:

The only way you'll go out with me is only in your dreams Mark got it.

(just then Darien walks up to get his food)

Darien:

Um hi Moyria

Moyria:

Hi Darien

(Darien Walks off after getting his meal as Moyria begins to head on out. Her wrist computer starts to beep. Catching her and Darien's attention as well as others.)

Moyria:

my pager.....excuse me.

(Moyria walks off outside to a phone booth.)

Moyria:

What's the word.

Amy's voice:

Moyria we need you to come to the temple

Moyria:

I'll be there in a few minutes.

(Moyria walks back into the studio and Reyhard waves for her to come over)

Moyria:

Umm excuse me sir but I need to go. My grandfather through out his back again.

Reyhard:

Well I guess it can wait. Then I want you in same time tomorrow.

Moyria:

Yes sir.

(Moyria dashes out and Darien watches on as she nearly runs over Sayrun returning from her report)

Sayrun:

Man where she off in a hurry.

Reyhard:

Family problems. Good job on that story Sayrun.

Sayrun:

No problem. Hey No one touched my teriaki Burger did they.

Mark:

Not with what you get on it how can you eat like that is beyond my understanding.

(Sayrun swallowing a very slimy burger attempts to strike up a conversation with Darien.)

Sayrun:

How it going between you and Moyria. Darien.

Darien:

What do you mean.

Sayrun:

Oh come on its been months since I've heard something about you two and now your acting like you guys hardly know each other.

Darien:

So

Sayrun:

So is there something going on. Did youyou know..

Darien:

No we didn't. I'm not even with Moyria. I'm engaged to be married to Serena.

Sayrun:

Oh that high school girl your out with all the time huh.

(The scene changes to the cherry hill temple where Amy, Rei, Lita, Mina and Serena stand around listening to Rennie's story of the vortex.)

Amy:

Your saying that a the same vortex appeared in four different moments in time.

Rennie:

Yes and the first one will happen in a few days.

Rei:

You think it's because of that planet the news was reporting.

Mina:

Could be.

(just then Moyria Arrives)

Moyria:

Not likely Mina. That planet is the remains of Hailger. A world that once was the best places to train warriors.

Rennie:

Umm excuse me but who are you.

Moyria:

Who am I who are you.

Lita:

What Rennie You don't know who Moyria is.

Serena:

She's a boyfriend stealing rat.

(Rennie shakes her head to let the scouts know she never heard of Moyria)

Moyria:

Oh please what does this matter. Any way I got some bad news. It seems the police are out to find out who are the Sailor Scouts.

Serena:

So we just go public.

Rei:

Are you nuts Serena. Do you really want to give up every moment of peace to be hounded by a bunch of fans.

Serena:

Maybe your right we should keep things quiet.

Moyria:

Yeah. As for the planet. Let me handle it. Cosair is after me not the Sailor Scouts. he wouldn't be so bold as to attack innocent humans.

Rennie:

Um excuse me but no one has yet to answer my question.

(A dark shadowy figure falls from a nearby tree and dashes off into a nearby patch of trees)

Rie:

A spy

Moyria:

So they appear again

Lita:

Again?

Moyria:

Can't talk I'm going to get to the bottom of this.

(Moyria Dashes off into the patch of trees leaving the scouts behind.)

Moyria:

I won't let you give me the sip this time pal

(Moyria Trails the figure keeping up with its every move. Along the way Moyria slips on her gauntlet and starts to chant a spell. Suddenly the ground falls from underneath the figure sending it crashing to the ground.)

Moyria:

Now I'm going to get to the bottom of this.

(Moyria cast a light spell and tosses it down into the pit where she sees a young teenage girl crying her eyes out)

Moyria:

What your the one that's been following me.

Young girl:

You hurt me. You hurt me.

(Moyria hops into the pit)

Moyria:

I sorry but you scared me. Hold on I'll make it better.

(Moyria cast a healing spell on the young girl and she begins to stop crying.)

Moyria:

What is your name little girl.

Young Girl:

LITTLE..... I'm thirteen years old. How dare you call me little.

Moyria:

Sorry I just wanted to know your name.

Young Girl:

Ukio

Moyria:

So tell me Ukio why where you following me.

Ukio:

Because

Moyria:

Because why?

Ukio:

Because.

Moyria:

This is getting me no where fast. Ummm tell me Ukio where is your mommy or daddy huh? I'm sure their very worried about being out this late.

(The young Ukio hugs Moyria and begins to cry again)

Ukio:

I finally found you mommy.

(Moyria Face faults as the scene fades to black)
