

Sailor Moon: Andomita Factor: season 2 episode 18

“Times Guardian”

Purple = Character

Green = Action

black = Spoken

red = Voice over or character in thought

(The scene opens with Pluto acting restless within her Lair)

Pluto:

No It can't be. How could I not have detected this earlier. They were lost but there's no other explanation. It has to be them. The guardians have returned to earth. Maybe that would explain the mysterious rips in time I found. but if that's the case then why are there five there should only be three. Someone is fooling around with time. Nothing good could possibly come from all this.

(The scene changes suddenly as a loud buzz is goes off followed by a massive blast of heavy metal music sending Lita to come flying out of her bed.)

Lita:

I'm up. I'm up.

(she reaches over shutting the alarm off and lays her head down in relief. The sudden contact she has with her soft bed sends her back to sleep. Just as the alarm goes off again only this time much louder. Lita this time gets up and tosses the clock and gets up to get ready)

Lita:

Stupid alarm clock. And it's not even a school day. But I did promises to meet Serena and Mina to go shopping.

(Lita hops into the bathroom as the scene changes to Darien and Serena's apartment.)

Serena:

Oh my god I over slept again.

Darien:

Um Serena..

Serena:

Can't talk gonna be late for school.

Darien:

Serena...

Serena:

I'll eat breakfast on the way. Where's my books.

Darien:

Over there but...

(Serena grabs her books and kisses Darien on the way out opening the door only to see Moyria in her gym uniform)

Moyria:

You do realize it's Sunday don't you noodle brain.

Serena:

Sunday? Hey wait a minute noodle brain.

Moyria:

Can't chat gotta go work out.

Serena:

Hey wait just one minute Moyria. Hey I'm talking to you.

(Suddenly Rennie comes up to the door way)

Rennie:

You mind keeping it down I was sleeping you know.

Darien:

Don't mind her Rennie lets go fix some breakfast okay.

Rennie:

Okay I want pancakes.

Serena:

I'll be there to fix it in a minute.

(Both Darien and Rennie face fault)

Darien:

Um that's okay Serena. I don't mind.

Rennie:

Yeah I wasn't that hungry anyway.

(Suddenly Moyria's apartment door opens as Ukio comes running out)

Ukio:

Mommy where did you go we where suppose to go to the amusement park.

(The voice of Moyria's grandfather shouts from inside)

Grandfather:

Don't worry squirt she'll be back. Beside the park doesn't open for another couple of hours.

Rennie:

Hey Ukio your going to the amusement park. I wanna go too.

Serena:

What that place cost five hundred yen a person to get in the door.

Rennie:

Please can we go too.

Serena:

I'm not going if Moyria is going to be there.

Darien:

Oh lighten up Serena I can afford for us all to go and since I have the day off it's no problem. Besides Moyria can take us all there in her car. It maybe a tight squeeze but we defiantly can do it.

Serena:

All right but the first funny thing that goes on we are coming right back on the bus got it.

Rennie and Ukio:

YEAH.

(The scene changes to a park bench where Mina and Lita are sitting waiting on Serena)

Lita:

She's running late.

Mina:

When isn't she.

Lita:

If she doesn't get here soon the stores will close.

(Mina starts to laugh)

Mina:

Now that would be just like Serena wouldn't it.

(Just then their communicators beep.)

Serena:

Hey guys sorry I can't be there. Darien, Rennie and the rest of us are going off to the amusement park. We'll hafta go shopping another day kay see yah.

Mina:

Well that takes care of Serena. Guess we're on our own shopping.

Lita:

Well we could go and join them.

Mina:

No I already went last week. Let them have fun alone.

Lita:

Yeah your right. Hey why don't we go get a shake or something.

Mina:

Sounds great. Oh darn I forgot my purse at home I'll be right back.

Lita:

Fine but hurry up okay.

(Mina dashes off down the road as Lita walks back towards the bench where she was a little girl runs into her.)

Girl:

Sorry miss I didn't mean to run into you.

Lita:

It's okay kid just watch where your going okay.

(Lita soon notices a chain around the girls neck which holds a key similar to the one Rennie. But before she can say something the girl goes running off. Meanwhile in a nearby batch of bushes a man watches the little girl dash off)

Jurkin:

So the crystal key is in the hands of that child. This will be an easy mission I don't even see why Samin gave me this pathetic job.

(The man soon vanishes in air as the scene changes once again this time to Moyria's apartment as she is getting ready to head out to the amusement park with Ukio. Jaspin questions Moyria's preparation.)

Jaspin:

So tell me why the big deal with the makeup Moyria. I mean we're going to an amusement park. It's not like your going on a date.

Moyria:

Maybe you aren't But Suke, promised to meet me there. Plus it should get Ukio out of my hair for a little while. By the way how are you doing on the renovations.

Jaspin:

Well I got the floor replace but the walls still need to be fixed up. I really should get to work on it.

Moyria:

Absolutely not. You work harder then anyone on it so I want you to come with us and enjoy life a little. Who knows you might even meet a guy and you can quit baby-sitting Ukio and Rennie.

Jaspin:

I guess your right.

Moyria:

Now come on lets go and I order you to have fun okay.

Jaspin:

All right.

(Moyria shouts into the other room)

Moyria:

We're going grandpa. make sure to let Curcit in and feed Luna. Oh and Curcit make sure that grandpa takes his medication and eats his plan meal.

Grandpa:

Hey I'm not a baby. Now be quite its nappy time.

(The scene changes to a few minutes later As Serena, Rennie and Darien are waiting by Moyria's car. Ukio comes out in a mad dash for the car followed by Jaspin and finally Moyria who is quickly noticed by Serena to be a tad bit overdressed for the park meanwhile Darien stands and staring at her)

Moyria:

All set to go

Rennie and Ukio:

Yeah

(The two girls hop into the back seat Darien starts to head to the front when Serena pushes him to the back. Jaspin joins him in the back squeezing the four together. While Serena sits in the front with Moyria.)

Serena:

Now we can go.

(The car starts up and zooms off as the scene changes to Lita who is getting rather board on waiting on Mina)

Lita:

Man I hope she gets back some time soon. I'm getting hungry.

(the little girl that passed by before This time she sits down next to Lita eating a double scope of chocolate mint fudge dripping under the heat of the day)

Lita:

Man that looks good. Where did you get it.

Girl:

The ice-cream man.

(Lita looks around but doesn't see him)

Lita:

Where was he.

(the girl points towards the street where the now distant sight of an ice-cream truck is fading in the distance.)

Lita:

Gotta go catch it

Girl:

It wouldn't do any good

Lita:

Why?

Girl:

Cause I got the last one.

(Lita's mouth drops as the little girl continues to eat. Lita soon reverts back to normal only to catch a glimpse of the girls delicious cone which is now dripping down the girls arm. The mere sight causes her stomach to growl as Lita skipped breakfast fearing she would be late.)

Lita:

Sooo good

Girl:

Umm Miss are you all right.

Lita:

uh yeah just something in my eye.

(A drop of drool hits Lita's face as she watches the little girl continues to eat the ice-cream cone. She tries to ignore her craving by trying her head but her stomach gets the better of her as the girl continues to eat. She soon polishes the cone off causing Lita to gain a slight look of disappointment on her face.)

Girl:

Mmm that was good

Lita:

Yeah sure I bet it was.

(Off in the shadows Jurkin waits patiently. When suddenly Samin appears before him)

Samin:

Your disappointing me Jurkin why haven't you tried to capture the kid yet.

Jurkin:

Because she is hanging around that human girl. If I just go after her I will end up facing more then just a little brat.

Samin:

It is so unlike you Jurkin. Aren't you the one whom finds pleasure in hurt those innocent in our affairs. So why do you not attack now.

Jurkin:

The pain of others is one thing compared to my own.

Samin:

I don't care how you get her just don't come back without that girl got it.

Jurkin:

Yes sir.

(Samin disappears into the shadows as Jurkin looks for an opening to attack. Meanwhile at the amusement park Darien, Jaspin, Ukio and Rennie are busy riding a roller coaster while Moyria stands on a bridge overlooking a small stream as Serena approaches with a cotton candy. She quickly notices that among all this joy Moyria is rather depressed.)

Serena:

Somebody call the gloom police. Whats the deal why don't you go join them on the rides.

Moyria:

I'm not in the mood Serena. Why aren't you with them.

Serena:

Well roller coasters and me don't really go to well

(Serena pictures an image of her going up in down in loops as her face turns green)

Moyria:

So you make up for your fear by stuffing your face. Your too much Serena.

Serena:

Yeah well I still am having a good time anyway. By the way what's the deal with the get up. Your not after Darien again are you.

Moyria:

No. To tell you the truth. I'm supposed to be on a date.

Serena:

OH I get it you plan to meet and ride on the farris wheel how romantic.

Moyria:

Yeah well that's if he ever shows up.

Serena:

Oh I see now. Well don't worry about it he'll be here just you wait.

(Suddenly there is a loud cry from a crowd forming nearby.)

Person:

Hey its that alien guy from the news.

Serena and Moyria:

Alien?

(they both turn around to see Cosair floating above the crowd)

Cosair:

I know your around here Andromita Come out and face me.

Moyria:

That's not the kind of date I was counting on.

(Suddenly screams are heard from another end of the pathway this time though only bodies that have been drained lay along the ground.)

Serena:

No way did he do that.

Moyria:

No someone else is here.

(A dark figure rises out of the pile of bodies as the form of Shadowen stands before the two. Suddenly Darien, Jaspin and the girls come running to the two.)

Ukio:

Mommy I'm scared.

Darien:

This is big time trouble Serena better call the scouts in on this one.

Serena:

I'm on it.

Moyria:

I'll give us a moment of cover to transform Serena.

Serena:

Great.

(Moyria casts a spell hiding the six of them among their surroundings. As Serena contacts the others)

Serena:

Amy, Lita, Mina, Rei are you guys there.

Amy's voice:

What's up Serena.

Serena:

Big time trouble. the amusement park is under attack by both Cosair and Shadowen.

Rei:

We're on it.

Mina:

Be right there.

Serena:

How bout you Lita?

(there is no answer only static.)

Serena:

Lita come in. Lita. Something's wrong. Mina weren't you with her.

Mina:

Well I had to run home so she was going to wait for me at the park.

Rei:

I'll run by and check to see why she isn't answering you guys go on ahead.

Serena:

Right! Moon Light Transform.

(Serena Is surrounded in light as her outfit changes and the lunar staff appears within her hands. Meanwhile Moyria holds her gauntlet up letting the light bounce of it changing her into the warrior Andromita.)

Darien:

I hope you two can hold them off till the others get here.

(The six reappear as Andromita and Sailor Moon stand back to back.)

Cosair:

Well you finally show your self.

Andromita:

You wanted me Cosair here I am. Now step away from the people.

Shadowen:

Well if it isn't Miss Moon. I was hoping for your friend Sailor V but you'll do for now.

Sailor Moon:

What do you mean for now.

Andromita:

I'm shocked Cosiar you actually joined forces with a pathetic creep like Shadowen. I though you had higher standards then that.

Cosair:

I have no idea what your talking about but I won't give up till I see you dead.

Andromita:

Well that will be some while now won't it.

Cosair:

Don't underestimate me.

(Cosair pulls out a gun similar to Moyria's old blaster.)

Cosair:

I made a duplicate of your old toy. Only this one is suited to work for me only and it is just a td more powerful then that pop gun of yours. I'd be glad to give you a demonstration.

(Cosair points the gun towards the two hero's and shoots off a spray off blasts at them Sailor Moon Dodges them in her typical way of screaming and running around while Moyria vanishes in thin air)

Cosair:

Where did she go.

(Suddenly she reappears behind him attacking with her Nova Smash maneuver. But Cosair teleports away before the final blow is made. Meanwhile Shadowen slips in and grabs Sailor Moon by releasing a tentacle from his body)

Sailor Moon:

Ewww Yuck. Your more and more disgusting every time we meet.

Shadowen:

This battle will be your last Moon brat.

Sailor Moon:

As if.

(Serena suddenly strikes Shadowen with the staff causing him to let go of her. Meanwhile Sailor Jupiter has problems of her own. Lita stands face to face with Jurkin as he holds the little girl in his hands.)

Lita:

Let her go pal or you'll be sorry.

Jurkin:

And what will a little girl like you do if I don't

Lita:

Little why you. Jupiter Power Transform.

(Lita's outfits changes into that of the warrior Sailor Jupiter.)

Jurkin:

Impressive but I still don't see how your going to beat me.

Girl:

Help me lady I don't wanna go with this bad man.

Jupiter:

Don't worry kid I'll get you out of here.

(Jupiter charges the man causing him to drop the girl to defend himself.)

Jurkin:

You seem pretty strong.

Jupiter:

You haven't seen anything yet pal.

(Jupiter kicks at Jurkin who blocks it again this time sending Jupiter to fall back towards the ground. Jurkin quickly grabs the girl by the arm)

Jurkin:

Your coming with me crystal key carrier.

Girl:

No Leave me alone you can't have it its mine.

Jurkin:

Give it to me.

(The girl breaks free and starts to run. Jurkin begins to follow but Jupiter steps in his path and hits him knocking him to the ground)

Jupiter:

Don't you lay a hand on that little girl pal.

Jurkin:

I don't have time for this As a distinguished member of the Garnon you will face the greatest pain of any galaxy we have ever faced for keeping me from the key.

Jupiter:

I don't know what your babbling on about but your about to become history pal. Jupiter Thunder Strike.

(A massive bolt of lighting hovers the ground and hit Jurkin dead on engulfing him in the light. Jupiter turns to see the girl nearby only to hear laughing behind her.)

Jurkin:

Is that it HAaAAAa. You nothing more than a little nat. Now fell My wrath.

(Jurkin raises his hand as a massive tornado encircles Jupiter preventing her to move.)

Jupiter:

NOOOOO

Jurkin:

Now little girl give me the key. Or she dies.

Girl:

NO, Sailor H, I need you.

(Light suddenly pluses from the crystal key. and suddenly strikes out into the sky. From the light a young woman appears with bright white hair.)

Sailor H:

I suggest you step away from, Keal, if you know what's good for you.

Jurkin:

Another one. I'll do what I just did to you little friend. Is that what you want.

Sailor H:

Go ahead and try.

(Jaspin raises his hand as another tornado encircles Sailor H. But the tornado is short lived a massive blast takes out its power. And while the dust is still settling a white orb is thrown towards Jurkin which blows up on impact. Causing the tornado around Jupiter to die.)

Jupiter:

What just happened.

Jurkin:

Well I see you do have some power. Until we meet again Whimps.

(In a massive gust Jurkin disappears. As Jupiter takes notice of Sailor H.)

Sailor H:

Are you okay, Keal.

Keal:

Yeah Sailor H thanks.

Jupiter:

Sailor H? Hey wait a minute you wouldn't happen to be from the Moon kingdom would you.

Sailor H:

Sailor Jupiter. You have just meet a man from a race called the Garnon. They want to find the three crystal keys. Keal here is one of the carriers I must ask that you and the Sailor Scouts watch over her and two find the other two keys or we all will be in horrible danger.

Jupiter:

What about you?

Sailor H:

I will watch over Keal. But my power can only slow down the Garnon and their warriors. Only Sailor Moon can stop them. Goodbye.

Jupiter:

Wait a minute..

(Suddenly light surrounds Sailor H and she disappears into the key once again)

Jupiter:

Where did she go?

Keal:

In here.

(Keal holds up her key which is marked with an H)

Jupiter:

Man she sure was mysterious for a sailor scout.

Keal:

So Sailor H said you gotta take care of me right?

Jupiter:

Uh yeah she did say something like that.

Keal:

Good Then you can start by getting me another Ice-cream I'm hungry.

(Sailor Jupiter face faults as her stomach growls. Mean while Sailor Moon and Andromita are dodging back and forth between each other.)

Sailor Moon:

Don't you have some kind of magic trick that can stop all this mess.

Moyria:

Well sorta but I haven't got it down yet.

Sailor Moon:

Well then how do we get out of this mess.

(Suddenly a fog rolls in. As Mercury and Venus show up next to the two.)

Mercury:

You guys all right.

Sailor Moon:

Thanks to you Mercury.

Venus:

Good then it's time to get to work.

(Venus charges at Shadowen and attacks him with her crescent beam.)

Shadowen:

Ah so you finally show Sailor V.

Venus:

Shut up you monster.

(Venus swipes at Shadowen. Meanwhile Andromita Dashes up at Cosair. As Sailor Moon uses her staff to toss her in the air to do a jump kick at Cosair. But her attack is blocked by Andromita.)

Sailor Moon:

What are you doing.

Andromita:

Don't you dare do that again. This is a problem between me and Cosair No one else got it.

Sailor Moon:

I was just trying to help.

Andromita:

I don't need your help.

(Andromita attacks Cosair again. But this time Sailor Moon watches as she and Mercury are left out on what seems to be a quest of vengeance.)

Venus:

Venus Love Struck.

(A Massive blast surrounds Venus causing Shadowen to revert back.)

Shadowen:

This isn't over Sailor Venus

(Shadowen Disappears and the scouts now take notice as Cosair teleports away as Andromita attempts to strike him with a blast of magic.)

Sailor Moon:

I guess its over.

(Hatred remains in the eyes of both Andromita and Venus)

Andromita:

This isn't over.

(Meanwhile in space on the Garnon ship)

Samin:

You have failed us Jurkin.

Hanoku:

What happened big brother. Why did you fail

Jurkin:

I faced two warriors one was a girl called Sailor H the other was one of those sailor scouts we heard of.

Samin:

You failed. You a member of this the collective of the finest fighters the galaxies have ever known.

Jurkin:

It wasn't my fault.

Samin:

Of course it wasn't. Jurkin. You pathetic slime. Your sounding weaker then your sister. Give me one reason why I shouldn't destroy you.

Jurkin:

Because I....

(Before he could finish his body becomes frozen and turns to stone and quickly crumbles to the ground.)

Hanoku:

JURKIN.Brother.

Samin:

I don't not take excuses Jurkin.

(Samin steps out of the room as Hanoku continues to cry for her brother A hand pats her on the head. the hand is that of elderly Cornell.)

Cornell:

I am sorry for what he did to your brother Hanoku but you must remember we are here to help our emperor. No matter what the cost, and once we free the emperor we will see to it that Samin gets what is coming to him.

(Moments later at the park things have gone back to normal as several crowds begin to leave for the night.)

Moyria sits at a fountain looking into the water.)

Serena:

We should get going its late.

Moyria:

You guys go on take the car back I'll catch the bus.

Darien:

Are you sure you'll be all right.

Moyria :

Yeah I'll be fine.

(The Darien and Jaspin leave with the girls asleep on their backs)

Moyria:

Go Serena Go

Serena:

No

Moyria:

Damn It I said go.

Serena:

It will be okay, Moyria.

(Serena runs off to catch up with Darien and head out the gate. Minutes pass and Moyria remains in her seat until a security officer escorts her out of the park. Moyria Stands out in the parking lot alone. She watches as a light of a motorcycle runs by. The sound only hurts her more and there in front of a place of joy and laughter one souls breaks out in tears. As she is left alone in her life once more.)

The End

Preview of the next episode:

Sailor Mars:

Yo Mars here Next time the Garnon begin their hunt for the next of the crystal carriers and from what we have learned from Sailor H and Keal we could be in for some big time trouble. And speaking of trouble Mina goes after Shadowen alone once again but this time she doesn't intended to come back. And where has Moyria disappeared to. It's all part of SMAF episode 19 "Days of the Future"
