

Sailor Moon: Andromita Factor season 2 “Days Of The Future”

Purple = Character

Green = Action

black = Spoken

red = Voice over or character in thought

(The scene opens with Mina alone in a dark room.)

Mina:

Artimis, Mom is anyone here.

(suddenly the red lightens up dark red as four figures of the Sailor scouts are draped above Mina. A dark voice rumbles form all around her)

Voice:

You will be mine Sailor V. You will give yourself to me or all those you know. All those you care about. Will suffer.

Mina:

No leave them alone. This is between us Shadowen. I want you to leave the scouts out of this.

Shadowen:

Then you know what you must do. You must give yourself to me.

Mina:

I'm not your toy Shadowen. I don't have to obey you.

Shadowen:

Six years have past. Six years since the promises you made me. You promised to serve me. You promised in your friends blood. And now I have come to take what is mine.

(The Scouts begin to scream as they all begin to bleed from gashes made by an invisible attacker. Mina can't help but turn her head in disgust of the site before her)

Mina:

I wouldn't be your servant. Nor will I let you hurt the ones I love. I will come to you Shadowen. Not as a servant but as you destroyer. I swear even if I kill myself doing it. You will die.

(light begins to fade and the image of the scouts vanish)

Shadowen:

Then come mighty warrior. Come and face your destiny. Come and fight me.

(Mina shakes herself awake. She finds herself in her own bedroom with Artemis laying in his bed in the corner of the room. The final words of Shadowen from her dream still haunt her)

Shadowen:

Come and fight me.

Mina:

I will go. I must. In order to protect the others. I must face Shadowen alone.

(Mina gets up quietly as not to wake Artemis. She grabs her transformation stick but leaves her communicator behind so that the others don't try to find her. The scene changes to the fourth floor of the apartment complex that, Darien, Serena, and Moyria call home. Moyria is asleep on the floor. With a pillow of sawdust. Ukio stands in a distant corner look at Moyria. Ukio lets off a slight glow as she watches on. Suddenly Jaspin walks up the stairs. At the same time the glow from, Ukio, vanishes.)

Jaspin:

Oh Ukio, What are you doing there? You shouldn't bother your mother when she's sleeping.

Ukio:

I was just watching her.

(Jaspin laughs)

Jaspin:

Your a strange girl Ukio.

(Jaspin's laughing causes Moyria to wake up)

Moyria:

Ummmmm. Morning what I miss?

Jaspin:

Nothing really. Oh by the way we're running low on wood. Would you mind going and picking some up today.

Moyria:

Not at all.

(Moyria gets up from her place of rest and beginning to make her way down. When she is almost run over by a massive blur, yelling...)

Serena:

Oh no I overslept again.

Moyria:

Nice to know she's wouldn't ever change.

(Ukio comes running behind to catch up to Moyria)

Ukio:

Mommy can I come to.

Moyria:

No Ukio I wouldn't be long and besides your too little to help for this job.

Ukio:

Too little.

(pouts a young Ukio. She remains behind pouting at what Moyria said while Rini comes out with a back pack on.)

Ukio:

Hey Rini where you going.

Rini:

I'm going to school.

Ukio:

But school doesn't start for another two hours.

Rini:

Yeah but I like to get there early. Unlike some people I know.

Ukio:

Hey I got an idea why don't you come with me.

Rini:

Where too.

Ukio:

Oh somewhere special. Don't worry we will be back by the time school starts.

Rini:

Umm okay if you say so.

(Ukio leads Rini down stairs and out the building. Meanwhile in a dark corner of the city a man sits staring out his window. Suddenly another man walks into the room quickly gaining the attention of the man behind the desk.)

Man:

What do you have for me. Misto.

Misto:

You asked me to find the girl.

Man:

And I take it you finally found her. So she did survive our last confrontation.

Misto:

But it appears Sukura Yama has grown close to her.

Man:

Your cousin is no threat to me Misto. Need you forget I too have the power of the ancients and with our new allies not even the Sailor Scouts can get in our way this time. The legendary warrior will soon become part of my collection. I will make her come to me.

Misto:

But sir there is even more problems. It seems the police have reason to believe this vigilante Andromita is some how connected to the girl and they are watching her every step.

Man:

Your a fool Misto. The police believe this because it's true. This is the warrior of legend and I want you to bring her here, by nightfall or never return understand. If you return with out her you will face the wrath of Minaka Yarmoto, God among men.

Misto:

It will be done.

(Misto leaves Minaka alone. Meanwhile Moyria arrives at a lumber yard. She goes about looking at the lumber looking for the right kind to use in the apartment as a slack jawed yokel comes up to her.)

Man:

Can I help you find something miss

Moyria:

No thanks I'm fine.

Man:

Well You better be on your guard you see this is not the best of neighborhoods for a pretty thing like you to be hanging out at.

(The man coughs quietly then walks into a small shack where he sits and look towards where Moyria was but to his surprise she is not there. Then his attention is soon grabbed by the click of a gun.)

Misto:

You just spoke to a girl right.

Man:

Well um yeah a pretty young lady that was over there a minute ago but now she's gone.

Misto:

When the police arrive you saw nothing.

Man:

Yeah right what ever you said.

(suddenly Misto is hit by a stray blast of energy.)

Moyria:

Oh well then I guess I'll have to explain to the police how you escaped your recent cell Misto.

Misto:

So you are still here. You little witch your not dealing with a simple weakling like when we last met. I too carry the Yamamoto blood in my veins and with it its power.

(Misto soon vanishes then reappears a few feet near to Moyria.)

Moyria:

What the ...

(Before Moyria can fully react Misto vanishes and reappears knocking her down to the ground. Moyria quickly looks for her enemy but once again seeing nothing. Then She is sent to the ground again by another attack by Misto.)

Moyria:

I thought only the direct blood line could gain the power.

Misto:

Oh but others can with the help of a dark soul.

Moyria:

Dark soul?

Misto:

That is who Minaka is calling him. And dark man with massive power. He gave me this power and with it I will bring you to our master.

Moyria:

That's all fine and dandy except you left one minor detail out

Misto:

and That is?

Moyria:

I don't come along quietly.

(Moyria sends out a spray of mystic energy at her target leaving him in a cloud of smoke. She takes a sigh of relief for a moment only to watch the man called Misto jump out unscaved.)

Misto:

Is that your best shot. Legendary warrior. More likely a pathetic knat.

(A blast of red rings of power fly out of Misto's hands and hit Moyria deadon. The rings imprison her.)

Misto:

And now my dear our little game is over and your the prize for my master Minaka

(Later that afternoon at the apartment complex.)

Serena:

What do you mean Rini's missing?

Darien:

Jaspin, told me she and, Ukio, left early to go to school but never returned.

Luna:

That's the least of our worries as well it turns out Mina has run off in the middle of the night last night and has returned.

Serena:

Hey she'll call in when she needs us.

Luna:

Not without this she can't.

(Luna tosses the communicator of Sailor Venus on the ground.)

Serena:

Great so we have Rini and Ukio missing and Mina has disappeared on us.

Luna:

We tried to reach Moyria about this all earlier but she hasn't come home yet ether.

Serena:

Hey is the whole world disappearing on me or what.

Darien:

All kidding aside Serena we need to look for the girls.

Serena:

Right I'll call the scouts for their help in this.

(suddenly Mirium comes running up the stairs to Serena)

Miriam:

Serena its you cousin and Moyria's sister they outside and I'm afraid their hurt really bad.

(Serena and Darien act quickly and follow Mirium down the stairs of the apartment building to the two girls

laying outside Rini is seriously hurt but Ukio shows allot less damage.)

Serena:

Rini what's happened to you.

(Rini is unable to respond. Ukio looks shameful. Serena grabs Ukio)

Serena:

Who did this Ukio who hurt you two.

Ukio:

I can't.

Serena (more violently):

Who did this Ukio who hurt Rini like this. Tell me.

(Serena is pulled back by Darien)

Ukio:

I don't know.

(Tears form in Serena's eyes and Darien's efforts to hold Serena back are almost failing completely.)

Serena:

Damn it tell me who did this. Just tell me.

Ukio:

It was a man. A man with long brown hair.

Serena:

Who?

Ukio:

I don't know.

Serena:

WHO?

Ukio:

He said his name was Sukura Yama.

Serena:

Sukura....Yama.

(The name struck Serena like a knife. Could the man that Moyria been dating be the same one to do this to two innocent girls. Meanwhile things appear to be going slowly at the temple as Lita and Amy help out Rei)

Lita:

This is totally and entirely Boring

Rei:

There hasn't been a visitor all day.

Amy:

Maybe you two would be so board if you tried studying during the lag in time.

Rei:

Hey what's that you reading Amy.

(The two look on the book and it reads....)

Lita:

Advance Quantum Physics?

Rei:

I think I would get lost with the Dummies version

Lita:

Ditto

Rei:

So Lita what happened to that little girl that was able to call forth a sailor scout.

Lita:

Well Luna told me to keep an eye on her so I drop in from time to time to check on the little kid. Nothing has happened so maybe it was just a fluke thing.

Amy:

You better keep an eye on her anyway who knows when this Garnon will attack next

(The girls go on chatting failing to watch the young boy walk up to the counter and just stand there staring at them with a cold stare. Rei soon takes notice)

Rei:

OH sorry kid we didn't here you come up here. How can I help you. Would you like a charm for your mommy and daddy?

(The kid stands there and says nothing he just stares at the girls)

Lita:

What's the matter kid.

Amy:

Hey kid where are your parents?

(once again the kid says nothing. A slight burst of light shines out of a opening from the child's shirt and Amy is the first to notice that the light given off is that from a key of some sorts. Above the sky begins to turn dark as a roll of thunder echoes in the distance.)

Rei:

A storm's coming, we better take him in before he catches something.

(Suddenly a voice shouts out in perfect harmony with the thunder)

Voice:

Or something catches him you mean, girlie.

(Rei and the others soon take notice of a dark figure of a young woman.)

Hanoku:

Hand over the kid girls or I'll make sure you don't see the end of this storm.

Rei:

Big words sister. The way I see it there is three of us and only one of you.

(It starts to rain)

Hanoku:

Oh is that so

(Hanoku raises her hand and a pile of mud men begin to rise surrounding the girls. As the girls are surrounded, Hanoku laughs)

Hanoku:

Personally dear brother I don't see why you had so much trouble with the other brat because soon the key of the future will be in the hands of the Garnon.

Sailor Mars:

Mars fire Blast

(A burst of fire shoots out of the mud men and the Sailor Scouts, Sailors Mars, Mercury and Jupiter stand facing off with the warrior Hanoku.)

Sailor Mars:

Mercury you go get that kid out of here Jupiter and I will deal with this one.

Hanoku:

Oh right like I really will let that happen

(once again Hanoku raises a hand only this time a circle of mud rises around the young kid and blocks the further approach of Sailor Mercury)

Sailor Mars:

Mars Firebird strike

(A bird of flame soars towards Hanoku but is blocked as the Earth rises as a shield protecting her from the flame)

Hanoku:

Silly girls your powers can't keep me from gaining the crystal key.

Sailor Mars:

Why are those keys so important to you

Hanoku:

Oh please I'm not stupid enough to just go out and blut the plans the Garnon have on freeing our emperor. No be good girls and get lost.

(Hanoku raises another hand sending the ground to roll on Sailor Mars and Jupiter like a wave in the ocean.)

Hanoku:

A pity you didn't listen to me earlier now I'm afraid your going to have to die.

(suddenly the walls of the mud pillar begin to break and a streak of light blasts from the pillar striking Hanoku dead on. The light that struck her hits the ground and the young boy and a strange girl dressed as a sailor scout stand where the light struck the ground.)

Hanoku:

Damn it another one.

(Hanoku goes to act again by raising her hands but she is stopped and tossed into the wall in the matter of a second by the mysterious scout)

Sailor Mars:

Wow she's fast

Sailor Jupiter:

And she can fight good too.

Hanoku:

Damn it looks like I need some help on this one.

(The mysterious scout rockets toward Hanoku only this time Hanoku drops to the ground striking it hard with her fist and from the mud rises a giant mud golum. Which takes in the mysterious scout who retried her attack on Hanoku.)

Hanoku:

That takes care of one of the annoying girls. Now Golum I command you attack the others.

(The golum does as its ordered striking at Mars and Jupiter. With its fist ready it is about to strike the two girls when a sudden blast of water knocks off the arm of the monster. The blast resonating form Sailor Mercury, who has set herself up for another attack.)

Sailor Mercury:

Shine Aqua Illusion

(Another spray hits the beast. This time straight on its head causing the monster to collapse in a massive wave of mud. The unfortunate Hanoku was underneath the beast as it fell it caused Hanoku to literally get stuck in the mud .)

Hanoku:

No This can't be

(The mysterious scouts stands up. Nods her head and looks on at the young boy. She nods once again and quickly vanishes in a flash of light in the key around the boys neck. The scouts stand in shock for a moment. Only to be brought back by the hysterical shouting of the warrior Hanoku.)

Hanoku:

DAMN YOU SCOUTS. WHY THE HELL DON'T YOU MIND YOUR OWN BUSINESS. Now Samin will destroy me like he did my brother.

Sailor Mars:

Hey pal your the one that attacked us.

Sailor Jupiter:

Yeah and just what are you after any ways. Why do you guys want a bunch of kids.

Hanoku:

Fools . Those aren't children.....

(Suddenly like the sound of Thunder a voice shouts out)

Samin:

Silence Hanoku, You failed the emperor. And for that you must suffer the same fate as your brother.

Hanoku:

Samin. No listen please listen I was just about to.....

Samin:

I SAID SILENCE

(with the mere shout of his voice Samin summoned the earth to crack open and swallow the young female warrior, known as Hanoku. Sailor Mars and Jupiter set them selves up for an attack)

Samin:

So you wish to die as well Sailor Scouts. I must apologize but I need some info from you. I want to know where is the princess.

Sailor Mars:

And what will you do if we refuse to tell you.

Samin:

Well I figure you do not value your lives seeing as you have taken an vow to protect her so how about this little

deal. I will let the citizens of this city live only if you tell me where the princess is.

Sailor Jupiter:

He's bluffing.

Samin:

Am I.

(Samin turns his head towards the temple and causes the roof to cave in. The site of the temple collapsing like that suddenly sends panic in Mars's heart.)

Samin:

More will die. I swear it. And you will know how to contact me when your ready to deliver me the princess.

(Sailor Mars doesn't even hear the words of Samin, as she dashes towards the fallen structure. Sailor Mercury and Jupiter soon follow in hopes to keep their friend safe. A laugh is let out of Samin as he Teleports down grabbing the child and vanishing in thin air. Meanwhile Moyria awakens in a firmallar cell. She was here the last time she was kidnapped but thanks to both Minaka's magical barrier and his little toy he placed on Moyria's neck she remains powerless. She watches as the darkened part of the room begins to move and the sudden appearance of Minaka form the shadows causes Moyria's face to gain a look of disgusted.)

Moyria:

Why did you bring me here. You have your power. Leave me be.

Minaka:

I have my power but there is still one more thing I want from you my dear.

Moyria:

What ever it is I will not do it.

Minaka:

Oh you don't have to do anything. You see I just simply need you to be here.

Moyria:

And why is that huh?

Minaka:

Because my dear I wish to give something to this world. They say a man like me only takes and never gives. Well that is a lie I say.

Moyria:

Give Yeah right. The only thing you give is pain and suffering to others.

(Moyria is suddenly struck by a slap of Minaka's hand. He then grabs Moyria's face and kiss her bloody lips.)

Minaka:

Yum. I will enjoy keeping you around.

Moyria:

Bastard

Minaka:

I will give the world one thing they never thought possible. The true identities of the Sailor Scouts. And you will give them to me.

Moyria:

Never.

Minaka:

Oh you will and you'll do even more. Allow me to introduce you to my key element to my plan.

(Minaka unravels a sheet covering something. Under the sheet was a mirror with a wedding dress attached to it.)

Moyria:

I'll never do it. I won't marry you.

Minaka:

You don't have to.

(The image of Moyria soon begins to move about and take form within the dress.)

Moyria:

A clone. I should have guessed. So you plan to have her take my place. Then what do you need me for.

Minaka:

Simple. The clone as you call it isn't really just a copy of you. She is a part of you. I summoned her from the Mirror world. She will do my bidding and return to the mirror as a reflection of you, there by forcing you to reflect her. A mirror after all is a door way to an opposite world. I due hope you will be comfortable here my dear. I will see you soon.

(Moyria grits her teeth and tries to break away form the wall but it does her no good. Meanwhile Darien sits trying to concentrate on other matters facing him.)

Darien:

What do you mean she's gone Luna.

Luna:

Like I said. Serena called that she was leaving the hospital and hour ago.

Darien:

Its only a ten minute walk from there to here.

Luna:

She sounded pretty upset about Rini.

Darien:

You don't think she tried to go after the person that did it do you.

Luna:

Oh please Serena can barely hold her own against the Negaverse monsters let alone a punk kid or something like that.

Darien:

Don't you understand Luna. Serena might not be the best fighter in the world but if you push her then your set for a real battle. I'm worried that she might be blinding herself.

(Back at the Temple Sailor Mars is rummaging through the fallen mortar and wood. The pure hysteria of her pain causing her to continue her search through the pile of wreckage. Sailor Mercury and Jupiter stand saying nothing. Soon Mars hears a muffled groan of pain and digs towards it freeing the shattered body of her grandfather. Sailor Mercury and Jupiter quickly aid Mars in helping to pull him from the wreckage. Her grandfather begins to cough up a little blood as he attempts to talk to her.)

Rei's grandfather:

MyGranddaughter...

Sailor Mars:

She's all right

(Rei's grandfather grabs her hand and pats it)

Rie's grandfather:

My ...GrandDaughter... You look lovely. I will remember you this way always.

(A slight smile appears on Sailor Mars face as she hugs her grandfather one last time.)

Sailor Mars:

GrandpaI will miss you.

(Sailor Mercury and Jupiter say nothing as Mars picks up her small grandfather and walks outside. Mars takes her grandfather and sets him before the fire of the temple and cries alone next to his fallen body. Meanwhile another soul is about to learn a whole new emotion as well. It is here at an older building in Tokyo that the Yama Family lives. And on this night a visitor that normally would be a sign of peace has come with one thing on her mind. Vengeance. The Window is shattered before an elderly man as a voice calls out to him from the dark.)

Old man:

Who are you why did you come here.

Voice:

Sukura Yama, I want to know where he is.

Old man:

My grandson has been gone for a month now to China to better his training. He just came back today. Why do you wish to speak to him.

Sailor Moon:

I don't wish to speak to him. I want to fight him. NOW.

To Be Continued....

Moyria:

Yikes what a day but things are only starting to get bad. Rei is forced to cope with the death of her grandfather. Sailor Moon and Sukura get arrested. Sailor Jupiter and Mercury are forced to hunt down their missing comrade Venus with the police on their heels. And yours truly has one heck of a shock you just can't believe. Its all part of the action pack episode 20. "Present Day Woes"

Sailor Moon Says:

Every year there are over three million crimes unsolved in the U.S. alone because people fear that if they come forth they will be hurt or threatened in some way. But not saying anything can only make things worse. The only way to stop crimes or to help bring true justice is to speak up. If you see a crime committed or know of one about to happen please report it before its too late and the next victim is someone you know all too well.
