

Sailor Moon Andromita Factor Season 2 "Present Day Woes"

Purple = Character

Green = Action

black = Spoken

red = Voice over or character in thought

(Things are black. So black you couldn't see your hand if it were two inches from your face. But she didn't get scared. She's done this kind of thing since she was thirteen and now nearing seventeen Mina wasn't afraid of the darkness she had to face. She swore years ago she would avenge the curse Shadowen had placed on him. She always felt responsible for it in a way. Asking an evil demon like Shadowen to spare the life of the boy. But the cost of her plea would be one that would refuse to die. A plea and a promise that would follow her for four years and thousands of miles.)

Shadowen:

So you have finally come to me

Mina:

I will never join you

Shadowen:

I kept my end of the bargain Sailor Venus. Now you must give me mine.

Mina:

You tricked me. You lied.

Shadowen:

You wanted me to return him to you. The guilt you felt for him was your own fault.

Mina:

You merely returned an empty shell of him to me.

Shadowen:

I promised you that I would bring him back

Mina:

And you left his soul to rot.

Shadowen:

He can live again but I can not do more then animate his body. His soul died when you failed to protect it from harm. It cries for a new soul. A new life within its body.

Mina:

Shut up. I will make you pay for what you did to him and me.

Shadowen:

Then show me child. Show me the anger of your true power.

(The scene soon fades to outside the ruins of the Cherry Hill Temple Lita and Amy stand with Dispair on their faces as Rei grieves of the loss of her grandfather. The quiet is soon interpreted by the beeping of their communicators. Lita and Amy soon answer)

Lita:

What's is it

Luna:

I'm afraid I have really bad news Scouts. Serena has gone on her own in a rage of vengeance There no telling what she might do.

Amy:

That's not all Luna. We where just beaten by a really powerful enemy.

Luna:

Are you girls all right.

Lita:

We did okay but we lost a child and worse yet Rei's grandfather has

Luna:

I see.

Amy:

Why don't you send Mina after Serena.

Luna:

I would but she's been missing since morning, so has Moyria.

Lita:

All hell is breaking loose

Amy:

I guess we have no choice but to go find Serena before she does something rash.

Lita:

Yeah but I hope Rei will be okay on her own.

(Suddenly Rei steps out of the temples shrine which still stands. Tears still flow rather suddenly down her face.)

Rei:

Go Lita, Amy. I promises I will stay here.

Lita:

We will be back soon okay

(Rei wipes the tears from her face and nods her head)

Rei:

Please take care I feel the darkness is only beginning to grow around us

Lita:

Right

Amy:

You take care of yourself okay.

Rei:

I will I promises

(The scene changes to the family dojo of the Yama family. Sailor Moon Stands with fury in her eyes as the young Sukura Yama appears in the room with his grandfather and younger sister)

Sailor Moon:

Why don't you fight me coward

Sukura:

I have no idea what your so upset at me about Ms. Moon

Sailor Moon:

You went and hurt two innocent little girls. One of which may never see the light of day and you dare deny this.

Sukura:

I'm telling the truth I have done nothing. Why is it you come in here demanding to fight with me.

Sailor Moon:

Shut up and fight coward

Tanaka:

Suke, your not going to fight her are you

Sukura:

Grandfather take Tanaka inside

Grandfather :

Watch yourself.

Sukura:

Right

(Sukura's Grandfather walks Tanaka inside the house hold)

Sukura:

I don't know what this is about but if you wish to fight me then lets have at it

(Sailor Moon charges at Sukura as the scene changes to the Tokyo Police Office of Kenny Kunika A police officer bursts into his office with a disturbing report)

Officer:

Sarge, we lost her

Kenny:

By her who do you mean

Officer:

The Gatent Girl, We traced her to a lumber yard but she disappeared.

Kenny:

Did you question the owner

Officer:

Well there is a problem with that

Kenny:

Just ask him where she went.

Officer:

Well we thought you might want to see him first

Kenny:

Sigh, Very well I'll question him. Show him in.

(The Officer jesters for the man to be brought in just as he picks up a cup of coffee he catches a glimpse of the mans face which appears to be missing a place for a mouth. In his shock he drops his cup on the floor)

Kenny:

Jesus

Officer:

His Family said he had a mouth this morning. Its almost like someone did this to him on purpose.

(That Some one was the thug Misto Yama, and his new found power he joins his boss Minaka Yaramoto and a shadow of Moyria siting in the lap of Minaka)

Misto:

She looks just like her

Minaka:

That's because it is her you fool. She is her evil form. I merely gave it a form to walk among us. The spell will only last three days and four nights but just enough to change this city into a world ruled by my hand.

Dark Moyria:

You may have freed me Minaka but I have my own plans for some of the people in this world.

Minaka:

And you will get your chance but first I need your help.

Dark Moyria:

And what do you need.

Minaka:

I want you to go on public Television and revile the true identities of the Sailor Scouts.

Dark Moyria:

I will do as you ask but I wouldn't guarantee that Sailor Moon will live after she is revealed

Minaka:

All the better

(Meanwhile at the Yama household)

Sailor Moon:

Lunar Laser Strike

(A blast from the Lunar staff shoots dead on at Sukura who casts a shield spell just in time to block it from hitting him)

Sukura:

I don't see what your mad at me for I did nothing

Sailor Moon:

Silence

(Shouts Sailor Moon as she attacks at Sukura with the staff)

Sailor Moon:

You Monster. You hurt her. Its unforgivable.

(Sailor Moon takes another swipe. This time though Sukura grabs the staff and throws Sailor Moon away from him and the staff. The though off her mistake begins the tears in her eyes to run down faster)

Sailor Moon:

Curse you

Sukura:

Please if you will just listen I think I might be able to help you find out what really happened.

Sailor Moon:

Shut up

(Sailor Moon charges at Sukura tearing his shirt and giving him a slight scratch. She gets ready to make another attack when she finds her wrist is tied down by a pair of handcuffs)

Officer:

I can say I never thought I would be doing this

(Sailor Moon looks to see Sukura has also been handcuffed by a police officers. Meanwhile at TV 16 Darien is finding out that the future of the sailor scouts is about to be changed forever with the sudden appearance of a familiar face)

Desk clerk:

Welcome Ms. Gatent. The boss has been expecting you to show. Odd I though you had the week off.

Moyria:

Yes but something important came up.

(Darien watches as Moyria catches a quick glimpse of him and she gives him a devilish grin. Which didn't go unnoticed by Sayrun)

Sayrun:

That's odd

Darien:

What?

Sayrun:

Last week you two where hardly saying a word and just now she gives you the look

Darien:

The Look?

Sayrun:

Yeah it a look that says you where great. So what happened

Darien:

What? Nothing. I don't even know what your talking about.

Sayrun:

Yeah, oh well guess it can't be anything about her important announcement

Darien:

announcement?

Sayrun:

Yeah word is she has a big story and is going to release the info on live television.

Darien (To self):

Just what kind of inf. does she have that would call for them to go live. No she wouldn't.

(Before he can stop Moyria he appears to have lost her. Darien walks down the halls for a bit searching the rooms for Moyria, But his search soon ends as he pull into a room where the deep green eyes stare at him. Suddenly he feels the lips that have touched him before. But soon he feels a heavy object hit him on the back of his head.)

Moyria:

I'm sorry but I can not allow to destroy the future I'm about to build.

(The scene changes to a small prison cell where Sailor Moon and Sukura sit alone as the guards seem distracted)

Sailor Moon:

Hey what's going on let us out of here.

Police Officer:

Shut up back there

Sailor Moon:

What are they so occupied in any way.

Sukura:

Who knows first time they ever had a super hero behind bars I guess.

Sailor Moon:

Look I don't need your opinion

Sukura:

You know you remind me allot of this girlfriend of mine. Nothing at all like the news stories put you out as.

Sailor Moon:

Just shut up or I'll make you shut up.

Sukura:

Hey listen here I don't care if you where the damn tooth fairy I don't take orders from you and if you want a fight then lets have at.

(The sudden rush of it all hits Sailor Moon and she falls to the ground)

Sukura:

Hey are you all right

Sailor Moon:

Leave me alone

(Sailor Moon shakes in emotional pain as Sukura slowly draws away. The sound of a TV news break is being hear across the Nation and world. Amy and Lita Stand at the road side watching a TV store broadcast the inf. Luna Artemis, Curcit, and Moyria's grandfather sit watching in the dinning room and Rei sits in a hospital bed watching the television as Moyria breaks the regularly schedule programs.)

Mark:

It is quite rare that we the news public get to witness a event of history fall before us. After four long years here in Tokyo there have been strange events in which we have witness several people threatened and sometimes killed by dangerous monster attacks. During which many times we the public have been saved by a group of super heros Called the sailor scouts the only similar event to what happened here in Tokyo was early incidents in Europe which ended seven years ago with the heroine Sailor V. Recently we have come across not only a valuable tape revealing the true identities of the sailor scouts but also a mysterious figure that says she not only knows the scouts real identities but also knows their true intentions.

(Luna breaks over the scouts com link to make a quick report)

Luna:

Sailors we're in big trouble if this is not a joke.

Lita:

What possible harm could it do so they know who we are.

Amy:

Do you know how much danger and panic that will cause Lita.

Lita:

Uh I guess your right

(Back to the news program)

Mark:

With me tonight is Moyria Gaten. All right Moyria lets get to it how on earth did you get this info.

Dark Moyria:

Well Mark. I have a long relationship with the sailor scouts. And for some time I knew if I just said who they were then I wouldn't get away with what I just declared with out proof. As you will see on this video Tape which I shot a few months ago Sailor Moon in reality is a young teenage girl right here in the city of Tokyo.

(the video is run and the tape of the time Sailor Moon was at the game premiere [Episode 7 folks])

Dark Moyria:

This may shock many of you. Some may have seen this girl. Some may go to school and some may even be family. She Has told none but the other scouts her boyfriend and myself of this. Isn't that right Serena.

(Quick jump To Amy and Lita)

Lita:

DAMN IT MOYRIA

Amy:

Uh Lita we better get going before she talks about us.

(The Television shows the pictures and images of the other four sailors and Darien.)

Dark Moyria:

This is the true identities of these so called heroes.

Mark:

But they do us good why do you want to come on television and announce who they are before the world.

Dark Moyria:

Because Mark. (Dark Moyria fakes a tear) A few days ago I learned their true plot. They send out the monsters and use the hero gig to fool people into thinking that they are here to help us when it is they who are the real villains.

Mark:

Surely you have some proof to this.

Moyria:

Yes I have this recording on audio tape.

(Moyria turns on a tape where a edited together voice of the sailor scouts appears)

Sailor Moon Tape:

Those Stupid people never can figure out our real plans we've fooled them for four years and they still go on thinking we're actually saving them.

Mark:

What else could one say. They have obviously tricked the public for years as they say in their own words. I for one suggest we find these Sailor Scouts and give them the same chance they gave the rest off us. This is Mark Wilton TV 16 news.

(The broadcast ends and Luna tries to reach Lita and Amy but gets only static. While Rie is surrounded quickly by the Hospital staff. Hours pass and Dark Moyria returns to the hideout of Minaka)

Minaka:

Well the report went well I see.

Dark Moyria:

So it has.

Minaka:

Well As I promised you are free to do what you like for the next two days.

Dark Moyria:

Oh But I already have.

Minaka:

You wanted to destroy the Sailor Scouts.

Dark Moyria:

That and something more. Now I wish that you return me to my body.

Minaka:

Very well if you wish that.

(He guides the Dark Shadow of Moyria to the dungeon where the other form lays limp on the wall in chains.)

Minaka:

My trophy

(Dark Moyria quick grabs Minaka's head pulling it back to expose his neck. to a rather sharp blade)

Dark Moyria:

Take her chains off.

(Minaka does as he's ordered and Moyria's body falls limp to the ground. As the Dark Shadow raises her blade to Moyria's limp head)

Dark Moyria:

Now I truly will be free.

Minaka:

No You wouldn't

Dark Moyria:

Die Heroic Fool.

(The Blade rockets down but misses its target as Moyria's body leaps up at great speed and strikes the dark figure)

Moyria:

The Only fool is the one who thinks that a weak looking opponent is truly hurt.

(Dark Moyria Begins to fade)

Dark Moyria:

So You were waiting for your chance to strike. To win with one blow. But with my return to your body you lose.

(The Shadowy figure vanishes into a cloud of energy which is absorbed by the body of Moyria. Minaka stands up and laughs)

Minaka:

I can't wait to see what happens.....

(Minaka is stopped with the pain he gets as Moyria stabs him with the blade)

Moyria:

Your Blood has hurt too many already. No more living for you.

(Minaka's body falls down as he tries to let out his last few words)

Minaka:

That is which a puppet has the power to destroy its master. You should be proud cause on this day Ms. Gatent you have killed a god.

(Minaka's body falls lifeless to the ground as Moyria makes a run for the door in hopes to make right for what has just been made wrong. Meanwhile the Director of State Affairs for the alien group called the Garnon stands looking down upon the earth with a pleased look on his face. The door soon opens and the figure of a woman in a long dress walks in carrying a deck of cards.)

Samin:

We did well getting the child of the Future. Even if the scout have the key to the past it will only be a matter of time till times power will be in my hand.

Savor:

Samin, We have found the final key.

Samin:

Good I will let you see thorough it and make sure Savor that you play your cards right or you will end up like Jurkin and his Sister.

Savor:

Lady Luck is always on my side.

(Savor vanishes and Samin goes on watching but little does he know that he too is being watched by some of his fellow Senate members.)

Tornel:

I pray for Savor's soul.

Roniskie:

Oh please old man Savor's not like you she cares about Samin's power over us.

Tornel:

Roniskie, can you honestly say that Samin is truly doing this to bring back our beloved Emperor. Or does he have another agenda.

Roniskie:

Agenda or not this is the best time for us to get the final key.

Tornel: (to self)

And the poison spreads to kill its creator.

(Back on planet Earth Sailor Mercury and Jupiter are no the run as a massive mob hunts them down.)

Sailor Mercury:

We can't keep this up Jupiter. We can't just go on running.

Sailor Jupiter:

I would agree with you Mercury but we can't stop till we at least find Venus or Sailor Moon.

Mercury:

You think Mars will be all right.

Jupiter:

No I think she probably has been caught right off that's why we need to find the two that are missing.

Crowd:

There they are! Two of the traitors to the human race. Get them.

Jupiter:

Looks like we're in trouble.

(suddenly out of the crowd a large deep voice erupts)

Voice:

Oh your worse off then that. Sailor Scouts.

Mercury:

Shadowen.

Jupiter:

He was controlling the crowd.

Shadowen:

I believe I have something of yours.

(Shadowen tosses down a small stick with a glimmer of gold the two sailors soon discover that the stick is Venus's Transformation stick.)

Shadowen:

She is mine now. And as for the rest of you Sailor Scouts I guess I will just be torn emotionally as mobs of people hunt you all down like the rats you are.

(Sailor Jupiter Tosses a Thunder Clap at Shadowen who in turn absorbs it and fires it right back at her. Send her to knock back and break thorough a glass window. She falls a few feet near two little children huddled together under a table in the store)

Shadowen:

Your pathetic Jupiter. Even these children see that your weak.

(Jupiter begins to get up when she takes notice of a small glimmer of light set of by the two children.)

Jupiter:

Guardians?

(Suddenly Savor appears before the two children)

Savor:

All right which one of you two little brats is the guardian of the key.

Mercury:

Another member of the Garnon?

Shadowen:

So the Garnon has come have they.

Savor:

The Negaforce. Not possible all records of them said they should be no more.

Shadowen:

Well well looks like I not only get the chance to destroy two of the pesky Sailor Scouts but also one of the six Elite members of the Garnon.

Savor:

My mission is to merely get the key's guardian. But if you try to get in my way Negatrash I have my orders to destroy you.

Shadowen:

Care To try you luck girl.

Savor:

Gladly

(Savor Tosses a card at Shadowen who catches it but fails to notice that Savor has just grab one of the two children. Mercury tries to move closer to protect the other one while Jupiter tries to rescue the other. Both children begin to scream in fright as the chaos follows and in a quick flash Savor is knocked down and the child freed with out anyone seeing how it happened. Suddenly a small sliver of light hits the face of yet another Sailor Scout.)

Sailor P:

Sorry to keep you guys waiting.

(The light reveals a young girl in about her early teens with green and purple hair and a dark pair of shades covering her eyes.)

Shadowen:

Another one what is this a convention or something

Savor:

So the Key takes its true form.

Mercury:

The key's true form?

Jupiter:

You now I just hate walking in the middle of things.

Savor:

Don't worry Sailors your just leaving.

(Savor flashes a blizzard of cards and wind pushing Mercury and Jupiter back further from the fight. But while both Sailor P and Savor are occupied together Shadowen slips in grabs one of the children and disappears.)

Savor:

Damn Negaverse scum

(Samin appears quickly before Savor and Sailor P)

Samin:

Savor you let one of the guardians to disappear.

Savor:

I'm sorry Samin but the Negaverse took it when I was occupied.

Samin:

I will have no excuses Savor. Let alone one as petty as that. You know very well that the Negaverse has fallen years ago.

(Jupiter gets up and tries her best to head towards Sailor P for support)

Jupiter:

You again.

Samin:

Well it looks like your two are still meddling in affairs that don't concern you.

Jupiter:

Let children go what possible use are they to you.

Samin:

As I said before they are the guardians of time it self and their power will be mine Now if you don't mind I have some personal business to deal with

(Samin raises his hand and the second child is lifted into the air and brought to him on the wind.)

Samin:

Savor, Lady Luck has failed you and you hold only one more card in you deck.

(Samin tosses a dagger stabbing Savor in the heart. Placed upon that dagger a tarot card of death.)

Samin:

We will settle this at another time Sailors.

(Samin vanishes taking the child with him.)

Jupiter:

We've lost.

Sailor P:

No Jupiter we have just begun.

(The three head off along the streets looking for their lost friends. Meanwhile Moyria struggles down a empty road blood drips from her hands and a sharp pain begins to hit her in her gut. She makes it a few more blocks where people begin to take notice of her. But her strength was too weak to go on as she falls down unconscious in the streets of Tokyo.)

To Be Concluded.....
